DOCTOR FINDS COLLINS LIVES

WEEKS ADVISED TO ALLOW CITY TO TAKE WATER

Limit 8,500 Feet in Engineers' Report.

By ARTHUR SEARS HENNING.

Washington, D. C., Feb. 9.—[Special.]—Chicago's sanitation problem is rapidly approaching a settlement. Secretary of War Weeks announced today that he is considering a recommendation by the chief of engineers under the terms of which Chicago would be permitted to divert 1,600 cubic feet of water a second from Lake Michigan for the next five years on the condition that the sanitary district begin the construction of a sewage treatment system, that compensating works to control lake levels be constructed, and that the metering of the city water be established.

Permit to Be Renewed.

In granting such a permit the war department would contemplate renewal of the permit each five years, with a gradually diminishing volume of diversion until only 4,400 cubic feet would be allowed.

Secretary Weeks said that he would hold a hearing of all interests on the proposed permit during the week of Feb. 16.

The attitude of the war department considered assuming in regard to Chicago's sanitation problem is of far-reaching significance. It is to signal the inauguration of a policy of strict control of the drainage of sewage into navigable inland waters, which fall within the jurisdiction of the federal government.

His Other Cities.

This policy will hit a number of cities on the great lakes which drain into the lake and which have been fighting Chicago's effort to keep its sewage out of the lake.

"The time will come," said Gen. Taylor, chief of army engineers, "when every city in the United States will have to treat all of its sewage and no municipality will be allowed to contaminate the waters of rivers or inland lakes."

The dumping of sewage in lakes and rivers, the army engineers say, is a dirty killing of fish. In his official statement setting forth the proposed settlement with Chicago on the question of lake water diversion Secretary Weeks said:

"The military district of Chicago has submitted a request for a permit to divert an annual average of 10,000 cubic feet of water from Lake Michigan. This has been considered by Maj. R. W. Putnam, district engineer at Chicago, and by the chief of engineers, who both recommended that a permit be issued covering a period of five years to divert from Lake Michigan through its main drainage canal and auxiliary channels an amount of water not to exceed an annual average of 1,500 cubic feet, a second, the instantaneous maximum not to exceed 11,000 cubic feet a second, this permit to be made conditional upon the following:

"1. The sanitary district of Chicago shall submit for approval and carry out a program of sewage treatment by mechanical processes which will provide the equivalent of the complete 100 per cent treatment of the sewage of a community of 1,200,000 people before the expiration of the permit, proper provision to be given for all completed portions of projects which are a part of the sewage treatment program.

"2. The sanitary district shall pay the cost of the cost of such regulation or compensating works to regulate the levels or compensate for the raising of the great lakes if and when constructed, and post a guarantee of a bond or certificate of insurance for the amount of \$1,000,000 as evidence of its good faith in the carrying out of the program.

Warren Lincoln Guilty; Gets Life in Prison

AURORA LIQUOR SHOPS FINALLY MPPED BY U. S.

After years of unsuccessful attempts to raid roadhouses and saloons in and about Aurora, prohibition officials succeeded last night. Nineteen places were raided, great quantities of liquor were confiscated and a telegram telling about it was dispatched to Prohibition Commissioner Roy Haynes in Washington, who had sent two men and appropriated some \$5,000 for the purpose.

THE WEATHER

TUESDAY, FEBRUARY 10, 1925.			
Breeze, 6.53 a. m. Sun, 1.10 p. m. Moon, 7.10 p. m.	Jupiter is the morning star.		
Chicago and vicinity—Cloudy and unsettled Tuesday and Wednesday, probably rain by Tuesday night; slightly warmer Tuesday, colder Wednesday. Moderate to fresh shifting winds.	Illinois—Unsettled Tuesday and Wednesday, probably rain by Tuesday afternoon or night; somewhat warmer Tuesday, colder Wednesday.

TANGLED LOVES OF AUTHOR BARED

Ford Madox Hueffer's Real Wife Enjoins Rival.

By JOHN STEELE.

[Chicago Tribune Foreign News Section.] (Copyright, 1925, by The Chicago Tribune.) LONDON, Feb. 9.—Unusual domestic complications involving Ford Madox Hueffer, novelist and art critic, whose writings are well known in the United States, came to light today in a suit brought in the king's bench division by Mrs. Elsie Hueffer, his wife. Mr. Hueffer has recently changed his name to Ford Madox Ford, saying he did it for family reasons. As Ford he has lately written a notable book on the life and characteristics of Joseph Conrad, with whom he collaborated in some of the Conrad novels. They were near neighbors in Kent.

See "The Other Wife."

Mrs. Hueffer and Miss Violet Hunt, also a writer, and obtained damages for an alleged libel contained in a letter published in the weekly Westminster Gazette. She also obtained an injunction prohibiting Miss Hunt from describing herself as the wife of Mr. Hueffer, or suggesting that the original wife was not still Mrs. Hueffer, that she had been divorced or was guilty of matrimonial offenses against her husband. The counsel representing Mrs. Hueffer said the couple were married in 1904, had two children, and lived together until 1909. The counsel said Mrs. Hueffer had grounds for divorce, but she had not availed herself of them because she was a Catholic and believed only death dissolved marriage.

Other Woman Called Self Wife.

The counsel said Mr. Hueffer and Miss Hunt set up housekeeping rooms in 1918. Some people had assumed Miss Hunt to be Mrs. Hueffer and thought that the original marriage had been dissolved. The matter has been a source of perpetual annoyance to Mrs. Hueffer for more than ten years, counsel said, commencing in January, 1924, when Miss Hunt described herself in a newspaper article as Mr. Hueffer's wife. "At the time Miss Hunt lived with this man," her counsel said, "she believed she was married to him. She had been told by Mr. Hueffer that he had obtained a German divorce and she believed him. Your lordship knows the working of a female heart: how a woman who has affection for a man would believe him and not make too close inquiries."

JOHN McCORMACK IS ILL; CANCELS CONCERT DATES

(Picture on back page.)

New Orleans, La., Feb. 9.—On advice of his physicians, John McCormack, the tenor, has postponed all concert engagements until March and will leave here for Miami, Fla., tomorrow, where he will spend about two weeks resting, it was announced here this afternoon.

They are going to wake up...

P. A. ANDERSON IS SLATED FOR MARSHAL'S JOB

Levy's Resignation Said to Be Written.

Acceptance of the resignation of United States Marshal Robert R. Levy and the appointment of Palmer E. Anderson, chief field agent of the internal revenue office in Chicago, as possible successor, are expected to be the next steps taken by the attorney general in clearing up the situation growing out of recent U. S. MARSHAL LEVY.

Mr. Levy returned home from Washington yesterday and gave out a statement in which he said that Attorney General Stone had assured him that no reflection had been disclosed in the government investigation of his office upon his personal integrity or loyalty.

Mr. Levy made this statement regarding his Washington trip: "The attorney general assured me that there was no reflection intended or disclosed on my personal integrity and loyalty in the performance of my duties as marshal."

Two deputies in Mr. Levy's office are held responsible for complicity in the plot which resulted in the disappearance of 235 cases of whiskey from the government warehouse at West Pershing road and Wood street. One deputy is said to be directly implicated in the theft.

Chief Deputy Sam Howard, who has been in office twelve years, is said to be slated to follow Levy from office. As he was in direct charge of the office, it is said he is to be held responsible for the dereliction of his subordinates.

Chief Deputy Howard was retained in office by Mr. Levy when he was appointed.

Mr. Levy's resignation is expected to be written today.

SENATE VOTES QUIZ OF GENERAL ELECTRIC AND AMER. TOBACCO

Washington, D. C., Feb. 9.—(Special.)—By a vote of 55 to 25, the senate today adopted the Norris resolution for an investigation of the General Electric company, accused of constituting the so-called power trust.

The resolution was approved as an amendment to the Norris resolution, which provides for an investigation of the American Tobacco company and the Imperial Tobacco company of Great Britain and their alleged efforts to hamper tobacco co-operatives.

The resolution provides for an investigation of the American Tobacco company and the Imperial Tobacco company of Great Britain and their alleged efforts to hamper tobacco co-operatives.

WAUKEGAN HAS TORRIO PATIENT; PRISONER, TOO

He Hastens to Serve Jail Sentence.

(Picture on back page.)
John Torrio slept last night in the county jail at Waukegan, where he is to spend the next nine months.

The boss of vice and bootlegging in Chicago and Cicero had been in the Jackson Park hospital, where he has been confined since he was shot. He went down the hospital fire escape yesterday to avoid the stares of the curious. Arrived at the federal building, he went at once to the courtroom of Judge Adam C. Cline.

Torrio Prefers Waukegan.
The judge listened to the plea of Torrio's lawyer, Robert W. Childs, that Torrio be sent to the Waukegan instead of the Wheaton jail, because of illness. The judge granted the request. Torrio need not have begun to serve his sentence until Feb. 27 as he was granted a stay of execution after he was shot.

Torrio was weak. He was escorted through the corridors of the federal building by Al Capone and a nurse, but walked into the courtroom unassisted. He left the building at 4 o'clock and was escorted to Waukegan by a squad of deputy marshals and city detectives.

Torrio's Motive a Mystery.
The reason for Torrio's decision to start serving his sentence at once remained something of a mystery. Whether it was only his natural desire to get the unpleasantness over with as soon as possible or fear his enemies again would attempt to assassinate him was not disclosed.

Rumors were heard that he had reason to feel sure he would be well treated at Waukegan. Those in his confidence indicated he decided he might as well be confined in Waukegan as in Chicago as he was no less a prisoner here than he would be there.

Ten Catholics Wounded in
Marseilles Street Riot
MARSEILLES, France, Feb. 9.—(United News.)—Ten Catholics were wounded by revolver bullets during a street battle between Catholics and members of the Anti-Clerical party to night.

FIND STOLEN AUTO PARTS.
In a shanty which five boys had built for themselves in a vacant lot at 160th and Loomis streets, Harvey police yesterday found \$600 worth of automobile staples which had been stolen in the neighborhood.

DAY IN WASHINGTON

Adopted resolution embodying Norris resolution for investigation of General Electric company as power trust and Ernst resolution for investigation of American Tobacco company and Imperial Tobacco company of Great Britain, both inquiries to be by federal trade commission.

Judiciary committee considered nomination of Charles B. Warren for attorney general without taking action. Foreign relations committee considered modification of Lausanne and German commercial treaties.

Committee on appropriations reported annual independent offices appropriation bill with small increase over amount approved by house. Appropriation of \$1,200,000 for a new American embassy at Tokyo approved by the foreign relations committee.

The independent offices appropriation bill was reported, carrying \$452,324,324, of this \$408,000,000 goes to the veterans bureau.

Passed District of Columbia bills. Committee on agriculture heard Robert D. Carey and W. M. Jardine of President's agricultural conference in support of cooperative marketing legislation.

The subcommittee which has investigated charges against Federal Judge Baker of the Northern West Virginia district reports that the evidence does not warrant impeachment.

Prices realized on Swift & Company sales of carcass beef in Chicago for week ending Saturday, Feb. 7, on shipments sold out, ranged from 6.00 cents to 59.00 cents per pound and averaged 11.25 cents per pound.—Adv.

SHOT DEAD WHEN HE OPENS DOOR; ASSASSINS FLEE

Harry Felice, 2573 East 91st street, was shot twice in the heart and killed last night while his wife was in the kitchen preparing dinner. The assassins escaped. The police believe he was the victim of Italian feudists. He went alone to answer a knock at the front door and a moment later his wife heard two shots. Felice has five children and his wife is expecting a sixth in a few weeks.

Thedieck Exonerated
on Disorderly Charge
Theodore T. Thedieck, assistant manager of the Clearing House association, was exonerated in the South Clark street court yesterday by Judge Howard Hayes. Mr. Thedieck had been charged with disorderly conduct by Mrs. Isaac Nussbaum who said he had followed her along Michigan avenue Saturday evening. The woman's husband was so enraged that he attempted to strike Thedieck as they were leaving the courtroom.

Animals' Eyes Used; Make
War Blinded Man See
BONNEFON, France, Feb. 9.—Alexandre Pelleter, blind since he was wounded in the war in 1915, today left the hospital of Dr. Bonnefon, eye specialist, for the first time without a guide. He is the fifth to have his sight successfully restored through Dr. Bonnefon's eye grafting operation. He is able to tell the time by his watch and find his way about without trouble.

"DEATH CREW" OF GERMAN CHEKA GOES TO TRIAL

Claim They Tried to Kill
Stinnes Brothers.

BY SIGRID SCHULTZ.

(Chicago Tribune Foreign News Service.)
[Copyright 1925, by The Chicago Tribune.]
PARIS, Feb. 9.—Secrets of a Russian cheka, established in Germany by the orders of the Moscow authorities were revealed today during a trial before the German Supreme court at Leipzig.

Sixteen German chekists, charged with attempts to kill Gen. von Stinnes, chief of the German reichswehr, and with plots to kill the Stinnes brothers and other industrial leaders, as well as communists who were disloyal, are being tried.

This group is suspected of having committed countless secret murders which were thought to have been suicides or political murders.

Neumann, the ringleader of the German cheka, which in communistic circles is called the "group of terror," has already been convicted of the murder of Johann Ruesch, a communist.

Paid \$500,000 by Russians.
The state's attorney claims to have proof of an extraordinary murder order sent out by chekists in Berlin to Heidelberg, Mannheim, and Stuttgart to clear the country of anti-communistic elements.

He also asserts he has proof Neumann received \$200,000 from Russian agents in Berlin in 1923. He is prepared to name Russian officials who distributed presents of \$50 to Neumann and his friends after the murder of Ruesch.

Neumann's death crew tried to kill the chief of police in Stuttgart, it is charged. It also tried to kill the chief of the police in Berlin and to draw a pistol. The others "death crew."

An attempt on the life of Minister of the Interior Solms revivied in the capture of the "death crew." Letters found on the assassins gave gruesome details of their plans. Members of the group outlined each other in ghastly suggestions as to how to murder their enemies.

SAYS HERIOT AIDS REDS
BY HENRY WALES.
(Chicago Tribune Foreign News Service.)
[Copyright 1925, by The Chicago Tribune.]

PARIS, Feb. 9.—The national newspaper Liberté, in glaring headlines, tonight "accuses Premier Herriot of delivering France willingly to bolshevism." It prints alleged copies of letters from M. Zinovief, one letter tells of 1,500,000 francs (\$75,000) being given to the French communist party to organize the workers of the French colonial empire for the dissemination of bolshevism, organizing the soviet, and preparing generally a proletarian revolution against capitalism.

M. Zinovief signed the letter, dated Dec. 1, as president of the Ikti, which are the initials of the section of the Third Internationale, dealing with organizing communism in the colonies of capitalist nations.

Urges Propaganda in Africa.
"Of all the peoples of the earth, the workers in the colonies in North Africa are the feeblest regarding organization and means of combatting against the native bourgeoisie and foreign bourgeoisie," says the letter to M. Cachin.

"Neither the Spanish nor the Italian communist party has paid sufficient attention to propaganda in North Africa. It is the French communists who have done most of the work among the oppressed peoples in this region. The affairs in Egypt and the Spanish defeat in Morocco hastened the events we anticipated, requiring the calling of an Ikti congress.

"Now we must organize a proletarian party among the workers of the industrial English and Spanish against the Arabs. Agitation in Algeria and Morocco will facilitate conquering Libya for Egypt. The congress must urge the masses of north African workers and enroll them to combat the malicious European imperialism.

Success Through Force of Arms.
"The best propaganda is resolutely begun with the army we possess. The delegates must be convinced that real success will be obtained only through force of arms.

"For expenses to aid the organizing of colonial workers the Ikti grants 1,000,000 francs, which will be remitted to the central committee of the Paris communist party by Comrade Rappoport."

**BOY, SLAYER OF
CRIME PAL, HELD
FOR GRAND JURY**

Ray Gillum, colored, 16 years old, the best Edward Schmidt, 17, white, with a club when he learned that Schmidt had agreed to testify against him in the juvenile court, when they were both to be arraigned on robbery charges, was held in the juvenile hall yesterday for murder.

After hearing several witnesses, Deputy Coroner Chester Mitchell, in charge of the investigation, told Gillum to take the stand.

Gillum was led in by Captain of Detectives John Stege. Mrs. Gillum, whose son brought in that way, testified he was unconscious for an hour. Her son looked at her and testified.

"I was talking his head off to the lawyers and I thought it would be all right. I knock him clear off, and he was out on top in several minutes. We pulled and I always figured on a right guy, but when he started crying I figured it out then and tried to kill him. I know I rather he would than go to the reform school, though going down there."

Gillum related how on last Saturday night he had planned to kill Schmidt the next day. He had Schmidt awake at his home. He set the alarm on his radio. He set the alarm on his radio. He set the alarm on his radio.

ENDLESS YEARS FACE OLD EARTH, PROFESSOR SAYS

BY JOHN HERRICK.

You and I and the little earth we live on got a reprieve of a thousand thousand million years last night.

Science gave it to us down at Orchestra hall, where Prof. Forest Ray Moulton of the astronomy department of the University of Chicago left that trustful hand that thought the world would end last Friday out on its mountain near San Diego and told us it would be a little while yet before the final wreck.

He admitted that a thousand thousand million years was only a rough guess. It might be, he told a crowded amphitheater, a thousand thousand thousand million years before our sun, passing near another sun, causes a whirlpool of incandescent matter in space in which our earth will perish like a chip in a blast furnace.

Cast off all your old ideas of time and space and number. You are used to measuring in inches, feet, and yards; minutes, days, years; ten, hundred, millions, billions.

Tells of Speed of Light.
Get set for these little facts about the space we whirl in, as Prof. Moulton recited them with astronomical calmness.

Light travels 186,000 miles a second, seven times around the earth during a heart beat, or 5,885,996,000 miles in a year. Our sun is just one of 500,000,000 suns composing our own local galaxy. Many of the other suns are many times greater than our sun.

Our sun, which is 93,000,000 miles from the earth, is just a pygmy beside Betelgeuse, a star in the constellation Orion. Our sun is 1,000,000 miles in diameter, in round numbers. Betelgeuse is 27,000,000 times as great.

"Now our galaxy is an oval ten times as long as it is wide," Prof. Moulton explained.

Remember, if our arithmetic is right, the distance light travels in a year.

This Is Some Width.
"Our galaxy is probably 30,000 light years wide and 300,000 long," said the astronomer. Or 300,000 times 5,885,996,000 miles!

"And," he went on, "there is another galaxy some 1,000,000 light years away from ours. And probably some 500,000,000 of these galaxies form a supergalaxy."

"And I shouldn't be at all surprised if there were other super galaxies."

What use to say that 3,000 or 4,000 people filled Orchestra hall? Such a tiny number of human miles disappeared in infinity.

What use for Prof. Moulton to say, "It surpasses the wildest dream of any age of mankind?"

The thought of it made one almost envy the ancient ancestor, whose only brain tag was to conceive of the sun as a metal disk skimming across the sky.

Shows Movie of Eclipse.
Our own sun, for example, tiny unit in all this immensity, has terrific up

SEEKS NEW LAW TO BLOCK TOTTING OF ONE HANDED GUNS

Enactment of a law making it a crime to possess a revolver, without having a license, was urged yesterday by Judge John R. Caverly. The judge called a conference on the question to be held in his chambers next Monday afternoon.

The proposed law is in effect in New York, Judge Caverly said. It makes it a misdemeanor to possess concealable firearms, and a felony in the case of any one who has been convicted of a previous crime.

Only such persons as have obtained licenses from duly authorized officials may possess weapons, and only authorized dealers may sell them, under the proposed law. With the sale of every weapon the dealer must obtain the purchaser's name and license number, and a detailed record of each weapon sold is kept.

Heavals of matter and sends jets of burning gases half a million miles into space. Prof. Moulton showed the first moving picture ever taken of an eclipse, its first showing, taken by B. W. Harris of the Yerkes observatory last Jan. 24 at Binghamton, N. Y.

Picture marvel after picture marvel shown on the screen during his talk. You and I look up and see blackness. From 16,000 to 40,000 stars, suns greater than our own, are really there, and Prof. Moulton showed their pictures.

They looked packed together on the screen. But they're not, said the professor. An astronomer's unit of space is 2,000 times 100,000,000 miles.

A thousand thousand million doesn't sound quite as tremendous as it did at first, does it?

**Boy Fights from Home;
Wounds One; Is Taken**

William Buschek, 19 years old, living at 1916 Mohawk street, yesterday barricaded himself in his home and wounded one of four policemen seeking to arrest him for an alleged robbery before he was himself shot in the shoulder and forced to surrender.

Pullman Albert Buff of the Hudson avenue station was wounded in the abdomen by the first shot fired by the boy.

PULPIT OUTCAST, PASTOR PLEADS TO CLEAR NAME

Just Learns He Was Cited
as Co-respondent.

Driven from the ministry by what he charges is a false accusation of infidelity brought by a husband eager for divorce, the Rev. Joseph Lyell, clergyman and missionary, yesterday filed a plea before Judge Joseph Sabath asking that the stain be cleansed from his name.

Unaware for months of what all parishioners seemed to know—that John P. Lindstedt, 9320 North Paulina street, had won a divorce naming him as a co-respondent—the minister sought vainly to gain a pastorate, his petition avers.

Then a kind friend enlightened him, and today in Judge Sabath's courtroom the Rev. Mr. Lyell will fight for a chance to regain his honor. Should his plea be granted and Lindstedt's divorce be set aside a serious marital complication will arise, for Lindstedt, it was learned, has wed another woman since the divorce was granted.

Just as the Rev. Dr. Carl D. Case of Oak Park sought to and did defend himself from the charge that he was the intimate of Mrs. Albert R. Leland, so the Rev. Mr. Lyell asks the court to hear his side. His petition asks the appointment of an amicus curiae, a friend of the court, to present evidence to defeat the infidelity charge. This was Dr. Case's procedure in the sensational case before Judge Charles M. Foell.

The Pastor's Contentions.
The court should hear his story and then the other witnesses, then the pastor's story. With the petition were filed affidavits of Lindstedt's wife, Anna, who swears she and the minister were guilty of no sin, and of Mrs. Eleanor Scranton, daughter of the Lindstedts, who declares she has been forced by the threats of her father to take the witness stand against her mother.

The divorce was granted March 2, 1923, by Judge Walter P. Steffen after Lindstedt accused his wife of a romantic affair with the Rev. Mr. Lyell, who lived in their household at various times. There had been clandestine meetings, one at Lindstedt's summer home at Sawyer, Mich., and others in the plaintiff's Chicago home, Lindstedt charged.

Served Churches Here.
The minister's petition, presented by Attorney James H. Christensen, tells of his work, following his studies abroad and at the University of Wisconsin. He served the American Baptist church at Lodi, Wis., and then came to Chicago, preaching from several pulpits in the city.

Recently, beset by a nemesis which followed him everywhere, scandalously, the Rev. Mr. Lyell received calls to three churches, each of which before acceptance was mysteriously withdrawn. He went to New York, where he has no residence.

Then, from an old parishioner, the clergyman learned of Lindstedt's charge and divorce accusing him, and was informed this was the reason for his being without a pastorate.

"I suffered mental anguish, financial loss, social expulsion by Christian people and former friends, and much depression in my spiritual life," the minister stated in his petition.

Attorneys for Lindstedt appeared before Judge Sabath yesterday when the petition was filed and indicated they would contest an effort to set aside the divorce decree.

Baby Born After Crash
Fatal to His Parents
Los Angeles, Cal., Feb. 9.—[Special.]—A one day old babe, born two months before his time, today smiled on a cot in a hospital while the bodies of his mother and all other members of the family were being prepared for burial.

The baby was born through a Caesarian operation while his mother, mangled in an auto collision last night, lay dying. The mother was Mrs. Sidney Kahn, 23. The father, 26, and 2 year old Helmut were killed in the crash.

**Mexico Is Ready to Pay
Debts Left by Obregon**
[Chicago Tribune Foreign News Service.]
Mexico City, Feb. 9.—The government announced today that it would pay \$200,000 pesos (\$1,500,000) in debt left unsettled by the Obregon government. A considerable portion of this amount is owed to Americans.

**EX-CHAPLAIN AT
ATLANTA PRISON
TELLS OF GRAFT**

Testifies at Trial of
Two Officials.

Atlanta, Ga., Feb. 9.—[By the Associated Press.]—A story charging bribery in the sale of "soft jobs" at the Atlanta federal penitentiary today was told from the witness stand in United States District court by Father Thomas P. Hayden, former Catholic chaplain at the institution, in the trial of A. E. Sartain and L. J. Fletcher, deposed warden and deputy, respectively, of the prison, and Laurence "Helmie" Rhiehl, Columbus, O.

The indictments against Sartain, Fletcher, and Rhiehl charge conspiracy and bribery, and they went on trial after their counsel had lost motions for continuance based on contentions that sufficient time had not been given the defense for preparation.

Freely admitting his participation in the alleged conspiracy, the priest gave his testimony in a low voice throughout long direct examination and cross-examination, except when he heatedly replied to several questions asked by defense counsel.

Acted for Prisoners.
After the "rum ring" exposure in Savannah, Ga., in 1924, the priest said, Fletcher told him that some of the convicted men had offered to pay for special privileges and that the money should be kept from "outsiders." The next development was a conference in an Atlanta hotel of Graham Raughn, Willie Haas, C. C. Tuten, Richard Bailey, several of the convicted men, and Hayden. The witness related that at that time it was agreed \$10,500 would be paid for the "easy" assignments when the persons entered the prison.

Fletcher then instructed Hayden to go to Savannah to get the money, the witness testified. Rhiehl, who previously had been a guest in the warden's home, met him at the Atlanta station and accompanied him on the trip, Hayden continued.

\$10,500 Paid Over.
During a dinner and a conference at the home of Willie Haas, in Savannah, Hayden testified, Rhiehl was given \$10,500, and as the two were returning on the train to Atlanta the Ohio man handed the priest \$12,100 as his part of the "sale" money, the witness asserted.

Willie Haas, Fred Haas, Carl Haas, Raughn, Sam Goldberg, Tuten, and Bailey, convicted in Savannah, all received "soft jobs" and other special privileges after being admitted to the prison, Hayden stated.

Mannie Kessler and Morris Sweetwood, wealthy New York convicted bootleggers at the prison, and George Remus, "bootlegger king" of Cincinnati, figured little in the testimony, as the court ruled that Hayden, at the present stage of the trial, could not testify further on the subject.

The priest declared, however, that shortly after Kessler and Sweetwood arrived at the penitentiary, in the latter part of 1923, Fletcher asked him to see them and get \$5,000 for special privileges.

STUDENT FOUND WHO GAVE FRIEND DEATH CAPSULE

Resulted from Violating
Laboratory Rule.

Columbus, O., Feb. 9.—[By the Associated Press.]—Louis Fish, 19, of Canton, O., tonight admitted to police that his intended act of kindness to David I. Puskin, also of Canton, one of his "best friends," caused the latter's death.

Fish, first of the Ohio State university students questioned last Wednesday in connection with the finding of poison in capsules supposedly containing quinine, acknowledged tonight that he entered the university pharmacy dispensary on Jan. 30 without permission. He admitted to police that he personally obtained capsules for Puskin. The latter died on Feb. 1 in convulsions after an illness of only thirty minutes from what is now known to have been poison.

To Be Questioned Further.
Questioned point blank if he was the one who put poison in the capsules, Fish insisted that he was not. He was taken to the city prison, where he was to be held overnight for further questioning.

Puskin was one of two students who died from the effects of strychnine contained in capsules obtained as quinine for prescriptions of the university physician for colds. Four others nearly died from the same cause.

On his first appearance before the investigators Fish had not satisfied them with his answers. He was recalled tonight to be asked to explain his presence in the dispensary and to give more satisfactory information.

Admits It Was Fatal Error.
Fish readily admitted tonight that he had been in the dispensary twice during the week when the poison capsules were given out. He admitted that he was there a few minutes before 3 o'clock on Friday, Jan. 30, to get the capsules for Puskin.

He explained that he met Puskin, who had a prescription and who asked him to get some capsules for him. Instead of getting them himself, Fish asked attendants who were on duty to get them, but they refused.

"Do you know that you killed Puskin by doing that?" Prosecutor Chester asked Fish.

"Yes, I realize that now," Fish answered. Prosecutor Chester will question Fish at length tomorrow. He said tonight that he believed firmly Fish had not yet told all he knows about the matter.

With the questioning tonight, Chester and his aids finished their investigation on the campus. Tomorrow they will transfer their activities to police headquarters.

Better Than Calomel
Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the first like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dizziness" and that lousy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c.

Dr. Edwards' OLIVE Tablets

COLDS

"Pape's Cold Compound"
Breaks a Cold Right Up

Take two tablets every three hours until three doses are taken. The first dose always gives relief. The second and third doses completely break up the cold. Pleasant and safe to take. Contains no quinine or opiates. Millions use "Pape's Cold Compound." Price thirty-five cents. Druggists guarantee it.

STUDENT FOUND WHO GAVE FRIEND DEATH CAPSULE

Resulted from Violating
Laboratory Rule.

Columbus, O., Feb. 9.—[By the Associated Press.]—Louis Fish, 19, of Canton, O., tonight admitted to police that his intended act of kindness to David I. Puskin, also of Canton, one of his "best friends," caused the latter's death.

Fish, first of the Ohio State university students questioned last Wednesday in connection with the finding of poison in capsules supposedly containing quinine, acknowledged tonight that he entered the university pharmacy dispensary on Jan. 30 without permission. He admitted to police that he personally obtained capsules for Puskin. The latter died on Feb. 1 in convulsions after an illness of only thirty minutes from what is now known to have been poison.

To Be Questioned Further.
Questioned point blank if he was the one who put poison in the capsules, Fish insisted that he was not. He was taken to the city prison, where he was to be held overnight for further questioning.

Puskin was one of two students who died from the effects of strychnine contained in capsules obtained as quinine for prescriptions of the university physician for colds. Four others nearly died from the same cause.

On his first appearance before the investigators Fish had not satisfied them with his answers. He was recalled tonight to be asked to explain his presence in the dispensary and to give more satisfactory information.

Admits It Was Fatal Error.
Fish readily admitted tonight that he had been in the dispensary twice during the week when the poison capsules were given out. He admitted that he was there a few minutes before 3 o'clock on Friday, Jan. 30, to get the capsules for Puskin.

He explained that he met Puskin, who had a prescription and who asked him to get some capsules for him. Instead of getting them himself, Fish asked attendants who were on duty to get them, but they refused.

"Do you know that you killed Puskin by doing that?" Prosecutor Chester asked Fish.

"Yes, I realize that now," Fish answered. Prosecutor Chester will question Fish at length tomorrow. He said tonight that he believed firmly Fish had not yet told all he knows about the matter.

With the questioning tonight, Chester and his aids finished their investigation on the campus. Tomorrow they will transfer their activities to police headquarters.

DEAD OF SPAIN CHOKED UP ROADS IN NORTH AFRICA

Moorish Guns Turn Re- treat Into Slaughter.

BY VINCENT SHEEHAN.

(Chicago Tribune Foreign News Service.)

TANGIER, Feb. 9.—The battlefields of western Morocco are piled high with Spanish dead, which lie all along the road from Sheshuan to Tetuan, bearing evidence of the pitiless, unrelenting slaughter.

Behind the front about phrases of official communiqués lies the dreadful truth of this Spanish retreat, which has been a disaster beyond any conception Europe has yet formed of it. As I am a Christian who has seen these fields since the Spanish retreat there is no corroboration for what I say, but I can affirm that last Monday I rode six hours through Sheshuan strewn with things which were once mounted, and counted until odds, sights, and horrible sounds made further counting impossible. Within twenty minutes on the battle field at Sheshuan I counted 334 dead—a small part of the retreat, which, according to the official account cost "fifteen dead."

lined with corpses of Spain's brave soldiers, who died like heroes under orders of incompetent officers.

Pain Spanish Losses at 3,500.

My gruesome ride led from Sheshuan to Wad Nachla, near the Tetuan zone. My escort was to continue further, but after six hours of this dreadful journey I had had enough. From what I saw I estimate the total losses, allowing for a small percentage of dead which have been buried by the Moors, at about 3,500 men. There were "fifteen dead," according to the official figures. There were 10,000, according to the Moors. The actual figure may be more than 4,000. It certainly is no less than 3,000. This is aside from 2,000 prisoners and an enormous store of arms and ammunition captured.

Starting this ride last Monday morning, both my escort and myself wrapped our faces in our turbans to escape as much as possible the insufferable odors of the dead men and horses. At Darkhobot we struck the first holocaust. Although the dead were thick enough along the sides of the road from Sheshuan to Darkhobot, nothing I had seen so far had prepared me for this sight. It was a post which must have been planned by some half-witted general. The fort lay in a position commanded from all the surrounding hills. It was a post difficult to defend and impossible to evacuate. When on that unlucky day late in November the Spanish officials ordered the evacuation their men were slaughtered as they marched out—slaughtered like heroes, as even the Moors told me—but slaughtered nevertheless.

Bodies Fled Five Deep.

There bodies lie still piled, sometimes five deep, in clumps or isolated—some blackened and half destroyed by vultures and dogs and others picked clean and whitening in the African sunlight. Straws everywhere were dead horses, offering their bodies to hideous birds.

The road between Darkhobot and Sheshuan was comparatively less gruesome, with not more than thirty dead there now after all the Moors buried. At Sheshuan, however, we came upon another hideous incomprehensible sight like that at Darkhobot—it had been evacuated with almost total disaster to the garrison.

Spanish officers repeatedly told me their posts were planned with reference to the existing water supply. This undoubtedly is true, but nothing can justify building military positions in hollows like Sheshuan.

Marched Out Too Soon.

When Sheshuan was evacuated the order was given and the garrison marched out before Gen. Castro Girona's column was entirely brought up to protect it. The spectacle was more

horrible than anything on the whole line of the retreat. On hill and in hollow they lie, these sons of Seville and Toledo, their poor, pitiful bodies half gone in the two months which have passed since they died. About 400 or 500 of them were slain in that great "strategic victory" which cost only "fifteen dead."

Over the whole valley sweep unrelenting clouds of vultures, who have not yet completed their dreadful task. Stricken and aching, we urged our frightened, whinnying horses on, out of this valley of horror and into the sunlight of the road beyond. Here respite was granted us for a while, as it leads into a spacious, fertile plain, where no cover was offered the attacking Moors and only an occasional body showed along the roadside.

Heroism of Spaniards.

Wad Nachla was the scene of one piece of Spanish heroism which is

worth recounting. Three armored automobiles were used here to cover the retreat, and they remained belching their fire until all living Spanish soldiers were well on their way to Tetuan. The automobiles were damaged so they could not continue their retreat. Long after the army had gone on its way, leaving the cars there, the soldiers inside continued to fire their machine guns and rifles. They were besieged inside for three days—fourteen of them—but they repeatedly refused to surrender, even when their ammunition reached rock bottom. On the third day a Moorish cannon was dragged to the top of the hill overlooking the river bank and three shots plowed into the tops of the automobiles.

Out of the fourteen men, eight were killed, two severely wounded, and four exhausted soldiers, weak from hunger and thirst, surrendered to the Rifians. This heroic episode was only typical

of the large number with which the Spanish ordinary soldiers fight their heart-rending, useless fight. Every Moor in the companies which made them prisoners killed the four surviving heroes, and when Prince Ahmed heard of the incident he ordered the survivors put first on the list of prisoners to be exchanged with Spain.

Japs Give Warm Welcome to U.S. Commercial Mission

(Chicago Tribune Foreign News Service.)

TOKIO, Feb. 9.—A hearty welcome was accorded to a Seattle commercial mission on its arrival in Yokohama and Tokyo. Capt. Gibson, who heads the mission, today laid a wreath at the tomb of Marquis Okuma who is largely given credit for first impetus to Japanese-American commercial relations.

FREE 10-Day Test Send the Coupon

Maybe your teeth are gloriously clear, simply clouded with a film coat. Make this remarkable test and find out.

Just run your tongue across your teeth

You'll feel a film—that's what makes your teeth look "off color" and invites decay and gum troubles

Old methods fail to remove it successfully. Beneath it are the dazzling white teeth you envy. Make this remarkable dental test—you may have beautiful teeth and not realize it.

The test that's offered here has been made by thousands with remarkable results. Authorities pronounce it the most unique of all dental methods.

You want clear, beautiful teeth. You can have them—quickly. For this new way tests the basis of "off color" teeth, the source of most tooth and gum troubles.

In a few years, largely on dental advice, it has changed the tooth-cleaning habits of the world. In justice to yourself, use the coupon below.

It removes that stubborn film, the great enemy of teeth and gums

Run your tongue across your teeth, and you will feel a film—a viscous coat that covers them.

That film is an enemy to your teeth—and your gums. You must remove it.

It clings to teeth, gets into crevices and stays. It absorbs discolorations and gives your teeth that cloudy "off color" look. Gums by the millions breed in it, and they, with tartar, are a chief cause of pyorrhea.

Tooth troubles and gum troubles now

are largely traced to that film. Old-time methods fail in successfully combating it. That's why, regardless of the care you take now, your teeth remain dull and unattractive.

New methods remove it And Firm the Gums

Now, in a new type dentifrice called Pepsodent, dental science has discovered effective combatants. Their action is to curdle the film and remove it, then to firm the gums.

Now what you see when that film is removed—the whiteness of your teeth—will amaze you.

Ordinary methods fail in these results. Harsh, gritty substances are judged dangerous to enamel.

Thus the world has turned, largely on dental advice, to this new method.

A few days' use will prove its power beyond all doubt.

Mail the coupon. A 10-day tube will be sent you free. Why follow old methods when world authorities urge a better way?

FREE Mail Coupon for 10-Day Tube THE PEPSODENT COMPANY, Box 88, 1104 S. Wabash Ave. Chicago, Ill., U. S. A.

GILFILLAN NEUTRODYNE

"This Set Plays Rings Around Them All!"

FOR positive Selectivity, ease of Tuning in, clear Tone, ample Volume and Power to get Distance, the Gilfillan Neutrodyne is a revelation to Radio Experts.

Manufactured in our factories under supervision of nationally known radio engineers and most critically tested, it is ready to bring in distant and difficult stations. It brings in with amazing clarity and distinctness the single station you want without interference or chatter even though wave lengths may be only a few meters apart.

STYLE GN-2 has the same Neutrodyne construction and features in a smaller cabinet. Price without accessories \$140

Saving Time for You in Handling Your Savings

THE arrangement of our savings department in four divisions or units and the installation of the most modern time and labor saving equipment reduce to the very minimum the time and effort of our customers in making their deposits and withdrawals.

This does away with long waiting in line at the windows and assures prompt, courteous service to every depositor.

These features, together with the roominess and comforts of our new and completed savings quarters, make this bank an ideal place for your savings.

Your savings will draw interest from February first if deposited on or before Tuesday the tenth. Savings banking hours are 9 A. M. to 2 P. M. week days—Saturdays, all day, 9 A. M. to 8 P. M.

FARMERS' BUYING POWER GREATEST SINCE YEAR 1913

Can Purchase 3% More, Report Says.

BY ARTHUR EVANS.

The purchasing power of the average American farmer's farm income is now greater than in the period before the war. After paying taxes, interest and wages, all of which have traveled up in the balloon, the owners and operators of the farms of the United States have a cash balance large enough to buy about 3 per cent more goods than they could in 1913.

The figures are from a study made public yesterday by H. W. Moorhouse, statistician of the Brookmire research laboratory, who is rated an authority on farm economics. The compilation represents two or three years' work. Taxes, debt and high labor are the items that in recent years have hurt the farmer. In 1924 the bank and mortgage interest burden was double what it was in 1913. Taxes were three times what they were in 1913, while wages paid were 50 per cent higher.

Increase of 3 Per Cent. Deducting these most oppressive items, Mr. Moorhouse computes that the balance left to the farmers was 61 per cent higher than in 1913. Fluctuating in the diminished buying power of the dollar, it represents an increase of about 3 per cent in actual purchasing power over pre-war days.

If it were not for higher interest and taxes, the net income of the farmer would run 10 per cent higher than eleven or twelve years ago. Back in 1913 the balance remaining to owners and operators for a living after paying fixed charges, wages and business expenditures was approximately \$2,000,000,000. In 1924 it is placed at \$4,770,000,000.

Taking out expenditures for implements and machinery, harness, feed, fertilizers and business use of automobiles the farmer has a balance large enough to buy just about as much as he could in 1913—it stands just 1 per cent below the 1913 mark in purchasing power, which is regarded as significant inasmuch as the farm outlay for automobiles has risen from a pre-war average of about \$50,000,000 to around \$1,000,000,000, according to the study.

Better Than Before War. Half of this outlay is charged to the business account. The figures support what observers have noted in the middle west in recent years, even during the slump period, that the agricultural plant of America is on a vastly better basis than before the war.

Some experts are trying to figure out how much the farmer has profited from the recent jumps in the wheat pit. Word from the agricultural regions is that few farmers pocketed direct profits. One authority estimates that 80 per cent of the wheat crop was marketed at an average weighted price of \$1.25 to the farmer. The year before it brought only an average of 92 cents a bushel. The grower thus received about one-third more than the year before and was happy all last summer and fall. One authority estimates the farmers got about \$500,000,000 more for their crops than the year before, and the increase is growing.

Bankers Garner Profits. The prevalent view is that most of the profits in the climb of wheat from around \$1.60 to \$2 went to the bankers, the dealers and the speculators. Food prices are interrelated, however, and rye, corn, hogs, and lamb have moved up in price also, and so far as agriculture is concerned it has received an important reflected benefit from climbing prices in the wheat pit.

Fervent enthusiasm had largely flown from the pit yesterday. Prices moved up 1 cent, due to foreign buying, but closed at about the same mark as last Saturday for May, while July was off a fraction of a cent. France, Italy, and the United Kingdom bought wheat. Winnipeg jumped the wheat a nickel and Liverpool put it up 1 cent.

Wheat in Liverpool, which recently

Appraises Grain Merger at Million Over Purchase Cost

BY FRANK RIDGWAY.

Appraisal figures showing that the Grain Marketing company is valued at nearly \$1,000,000 more than the cooperating farmers agreed to pay will be announced today at the first annual meeting of the stockholders at 289 South La Salle street.

This comes as an answer to Senator Harold Keating's resolution introduced in the Illinois legislature Wednesday charging the company is a "gigantic marketing monopoly" trying to sell \$25,000,000 worth of stock to farmers, "without making appraisal of the properties" and asking for an investigation.

The appraisal was started last August, but was not concluded until Jan. 19. The report was submitted to the board of directors, which approved it before the investigation was asked for at Springfield. The appraisal was approved by the official body on Jan. 21, but the report was not made public.

Fix Value at \$17,382,083. W. Jett Lauck, the appraiser, fixed the market value of the property, which includes both terminal and country elevators, at \$17,382,083. In the contract between the vendors and

was only 14 cents more than Chicago, was at 20 cents premium yesterday. Traders in the southwest are bearish, while exporters at the seaboard are talking bullish. Yet word from Baltimore is that the elevators are bursting with 11,000,000 bushels, where a year ago they held only 2,744,000, and the heavy accumulation is ascribed to a failure of the export movement to reach the proportions expected.

Duval Makes Suggestion. Fluctuations in the wheat pit of late are difficult to justify with supply and demand, according to Dr. J. W. T. Duval, grain exchange supervisor, who says he is still unable to determine the cause of the recent wide pendulum swings in price. He suggests a limitation. Leading traders do not regard this as sound.

"Wheat is subject to fluctuations such as these," Dr. Duval said, "are of no little concern. Unless they can be justified as in keeping with the law of supply and demand, which should govern at all times, they must be classed ultimately as unwarranted, and it will become necessary to find some means of preventing them. Such remedial measures may be necessary, however, should come from within the grain exchanges, rather than without."

"The New York Cotton Exchange has long since taken steps along these lines," said Dr. Duval, "by limitations of 200 points in price movements during any single day's trading. A similar rule likewise applies to cotton trading at New Orleans and Chicago. If reports are reliable this rule has served its purpose well."

Blow Open Four Safes on North Shore; Get \$100 Under cover of the fog which blanketed the north shore communities Sunday night a gang of safecrackers cracked four safes between Hubbard Woods and Lake Forest, and obtained less than \$100. The places robbed were the Hubbard Woods Lumber company, the Edward Hines Lumber company in Highland Park, the Highland Park Fuel company, and the Standard Oil company in Lake Forest. Burglars also invaded the home of Nels Dahl, a contractor, in Highland Park, and escaped with silver and jewelry valued at several hundred dollars.

the farmers the agreed purchase price was \$16,407,000, or \$975,083 less than the appraisers found the property to be worth.

In the consolidation of the big terminal elevator concerns the properties taken over were those owned by the Armour Grain company, Rosenbaum Grain Corporation, Rosenbaum Bros. of Chicago, and the Davis-Noland-Merrill company of Kansas City, Mo. In the farmers' acquisition plan and the appraisal report thirty-one terminal elevators and thirty-six country elevators are included.

Capacity of 45,000,000 Bushels. While the detailed report of the appraisal will be made to the stockholders today, it is understood the elevators have an aggregate capacity of more than 45,000,000 bushels. The country elevators hold only a total of 754,000 bushels, so most of the capacity is provided by the terminal elevators.

A special committee of farmers, headed by Fred A. Mucga, chief of the Illinois cooperative elevator organization, created from the board of directors was also on the job. Members of this committee personally visited the elevators and made a detailed examination of the appraisal report and recommended its adoption by the official body.

15 DIE, HUNDREDS HURT; JUGO-SLAV PREMIER VICTOR

[Chicago Tribune Foreign News Service.] VIENNA, Austria, Feb. 9.—Terrorism and murder controlled the results of the Jugo-Slav election Sunday and gave the veteran Premier Pachich a small majority in Skupchina, according to dispatches received here today.

At a cost of about fifteen dead, more than a hundred seriously wounded, and several hundred slightly injured during the election riots, the new kingdom of Croats, Serbs, and Slovenes becomes the third of the southern European states to accept what is practically a dictatorship.

The struggle centered in the question of whether the king and the military junta, which controls every move of Pachich, should title in Jugo-Slavia or whether the Croats and Slovenes should boast state rights.

MAYOR TO TELL TRACTION PRICE ATTITUDE TODAY

Aldermen Are Urged to Attend Meeting.

BY OSCAR HEWITT.

Lack of a quorum prevented the holding of a meeting of the council committee on local transportation yesterday afternoon. So a special delivery letter, carrying a special appeal, was sent to each member, calling a meeting today.

This letter forecast three features of today's session, dealing with the acquisition of the municipal railway system, as follows:

The price to be paid for the Surface Lines is to be determined by the committee and its engineers' value of the elevated roads is to be reported.

If those matters are disposed of, a vote will be taken on the question of commanding that the city council "do pass the ordinance."

Friends and Foes Busy. That vote was the principal subject of gossip around the city hall yesterday. Opponents of the measure were working industriously to prevent its recommendation by the committee before Friday. They created some apprehension.

Every alderman with a contest is more or less nervous about his reelection Feb. 24 and some of them are outspoken against either committee or council action, before election. They claim that no matter which way they vote their campaign opponents will take the other side and cause them to spend more time and money to succeed.

These aldermen predict that the council will not take a traction vote before election. If the aldermen are left to themselves, it is a safe guess that the progress of the ordinance will be reduced to a walk.

Mayor's Statement Important. Then, too, if the mayor makes an unsatisfactory statement from an aldermanic viewpoint, sundry aldermen will try to put the brakes on the ordinance so tight that it will come to a dead stop until after election. That plan is privately urged by some, regardless of what the mayor says.

On the other hand, Mayor Dever can, if he desires, wipe away much of the effect of the propaganda for delay

by a clear cut speech to the committee today. Still more effective would be a formal written statement, supplemented by oral comment.

Some of the mayor's advisers are said to have urged such a formal statement, together with a summary of the principal provisions of the ordinance. Such a summary of ten or twelve typewritten pages has been prepared. If that plan is adopted, one member of the committee said, he will make a motion that the mayor's statement be made a part of the committee report to the city council.

Wait Mayor's Words on Price. Getting back, however, to the immediate subject on hand today, the committee is not expected to approve of the fixing of approximately \$163,400,000 as the price for the Surface Lines—contemplated by the 1907 ordinance—until the mayor discloses his present attitude.

For the mayor's last official message on that subject, delivered last October, said he had broken off negotiations with those lines, because he then felt that the city should not pay that sum.

Last Saturday, however, the mayor is said to have told several union labor leaders that price could not be avoided. It is expected that he will make a stronger statement than that to the committee today. It was rumored that he will approve \$163,400,000, without qualification, and will tell the aldermen why he considers that a fair bargain.

The mayor's attitude will be sought on the value, recommended by the committee's engineer, for the elevated lines, but the seeking will be less eager than for his stand on the surface lines' price, because, as the aldermen understand the ordinance, the price on the elevated lines can be changed later.

Action Depends Largely on Dever. On the mayor's statement to the committee will largely depend whether the committee will approve the ordinance out to the city council before Friday. If the mayor's statement is sufficiently strong, an attempt will be made to have a vote today.

If no test is taken today, the chances of a committee recommendation this week have been diminished. If the ordinance is not reported out of committee before Friday, hope of a vote in the city council before election is gone.

BRITAIN PLANS GRAND FLEET TO RULE IN PACIFIC

[Chicago Tribune Foreign News Service.]

LONDON, Feb. 9.—On Feb. 21, three British naval forces in eastern waters will hold a conference in Singapore. Outenbury the event is just an annual discussion of routine service matters, but the naval correspondent of one of the leading London dailies declares it means nothing less than the beginning of a British Pacific fleet.

The pendulum of England's sea power is swinging rapidly towards the southeast, the London expert writes. Since the necessity of a great north Atlantic fleet is gone because of the destruction of the German navy, there has been a steady readjustment in the arrangement of the fighting forces of the British navy. It will only be a matter of a few years, perhaps even less, before an imperial eastern fleet will become an absolute necessity.

In conclusion he forecasts that the organization of the next grand fleet will be on the waters of the Pacific ocean within striking distance of the far east.

CHIEF COLLINS ASKS VOTERS FOR NEW STATIONS

Reformers Back Appeal;
Election Feb. 24.

Chicago voters were urged last night by Chief of Police Collins to vote Feb. 24 for the little ballot proposal to issue \$2,500,000 bonds for new police stations.

The chief spoke before and received the backing of the Illinois Vigilance association, meeting in the City club. Chief Collins defended himself from attacks on the grounds of too strenuous a law enforcement policy. "It is necessary that all laws be enforced to the letter," he said. "When one law isn't enforced there is a general breaking down of all laws."

Pay for Law Enforcement. "You have a right to law enforcement. No matter who is superintendent of police or mayor you have that right. You pay for it and you should have it."

"But the police department must have the right tools with which to work. At the present time, three of its stations are in rented buildings. Some of the stations are a disgrace to the city."

"The detective bureau, for instance, is the vilest place in Chicago. If some poor fellow has the misfortune to be housed there over night, no matter what his relation to society may be when he is released, he will be a criminal when he is released."

"Chicago's police force never was better than it has been in the last year."

Call Police Morale High.

"The police now have 1,000 in the county jail awaiting trial. It is impossible to tell how many more are walking the streets under bond awaiting trial. If the police were not efficient they wouldn't have three times as many in the county jail as it was intended to hold."

"But the department is handicapped by the lack of facilities and it needs the \$2,500,000 bond issue for the station at State and 11th streets."

Preacher Pledges Support.

The Rev. M. P. Boynton, chairman of the meeting, promised that the association would "pass out the word that the bond issue was needed."

The Rev. Philip Farrow, director of the association, presented an expanded program for the coming year and declared: "We are out after judges like Judge George A. Curran, who states in court that reformers are lower than prostitutes."

STOKES CALM, OBSERVANT AT JURY CHOOSING

Not of Idle Rich, He
Asserts.

(Continued from first page.)

university," he recalls. "I started to work in Wall street in a bank. My salary was \$5 a week. So, you see, I wasn't the son of the rich man who was given the earth."

After several years' service in the bank, Mr. Stokes remembers, he was promoted to a \$21 a week job.

There are other points, too, circulated so glibly about rich men, which Mr. Stokes declares are unfounded in his case. For instance, though intensely interested in prize horses, and the owner, one time, of a stable of more than 500 mares, Mr. Stokes says he has made a bet on a horse race only once in his life.

"And then," he explained, "it was at the suggestion of others who wanted to prove that this horse owner was throwing money, and he was."

On the subject of drinking, too, Mr. Stokes maintains that he was never drunk in his life.

"Enterprise, enterprise," the man whose enterprise has built more than 1,000 homes in New York, whose enterprise changed the real estate value of an entire section in New York, whose enterprise put new life into a railroad, repeats the word again and again. Whenever he has met with it, he declares, he has admired enterprise.

And More Enterprise.

North Carolina, he cites, whose enterprise has done the most surprising things with the poorest soil.

Lady Astor, whose enterprise, charm and brains won her a place in parliament, and more significantly he points out, in the homes and hearts of the English.

Gov. Hayes of Connecticut, his ancestor, who years ago had the enterprise and the fearless sense of duty to defy the burning of witches in spite of all kinds of heresies.

Charles Page Bryan, son of Thomas B. Bryan, president of the world's fair, ambassador to Portugal and to Japan, whose enterprise saved the day for America in more than one foreign entanglement.

And so it goes, from country to coun-

try, from professions to professions, from capitalists to New York laborers. Mr. Stokes remembers those persons who have done something. His own family, of course, come next up on this list.

Of Distinguished Family.

For William Earl Dodge Stokes is related to a group of distinguished families. William Earl Dodge, the uncle after whom he was named, was a noted abolitionist, philanthropist and millionaire merchant. He is commemorated by a public statue in bronze in New York.

The present center of the Chicago litigation was the son of the late James Stokes who divided his fortune between W. E. D. and his brothers, James, Thomas, and Anson Phelps Stokes. This last named brother was a philanthropist, and one of the most generous supporters of American foreign missions. His son, the present Anson Phelps Stokes, a nephew of W. E. D., was secretary of Yale university and a noted scholar.

Another one of Mr. Stokes' nephews, J. G. Phelps Stokes, became a Socialist and married Rose Pastor.

Recalls Early Chicago.

And as he sat and chatted of anecdotes all woven together into the theme of enterprise, Mr. Stokes had much to say of this characteristic of Chicago.

"At the time of the world's fair," he recalls, "the Monastnock building was just about the finest piece of business architecture in Chicago. Now, look at the new buildings. You've even got busy on Lake Michigan. The land is built out to an amazing district."

"I can remember when the coyotes

used to yelp in the woods near the homes of prominent Chicagoans I visited. And my host would walk down to the end of his street to shoot prairie chickens for dinner."

But, Chicago, in the year 1925, is a wonderful city, the New York visitor says enthusiastically, in spite of the thirty-one ventmen who yesterday introduced exonerated after excuse to avoid serving on the jury.

Man Found Dead in Vacant Lot; Throat Cut

Carl Nyström, 50 years old, who lived until last Friday at 3936 Princeton avenue, was found dead yesterday morning in a vacant lot at 3911 South Wells street. His throat had been cut. Harry Graf, 3907 Wentworth avenue, notified the police. No clues were found, not even the knife or razor which had been used.

No Cold Tomorrow If You Do This Now

At the first sign of a cold—that's the time to treat it.

Millions do it with hot lemonade. They take one when they first suspect a cold. Then get into bed, under warm covers.

In the morning, in nine cases out of ten, all traces of the cold have disappeared.

But you should act at once—tonight if you feel chilly now.

This is the treatment that saves millions from pneumonia and the "flu"—those who don't wait too long.

Thus, over night, are

saved the days of time and all the money that colds always cost. It's the cheapest, easiest, safest way to handle colds.

Just squeeze the juice of a lemon in glass or cup of hot water. The effectiveness of hot lemonade is due to more than its heat. Add sugar if you wish.

Get a dozen lemons now and keep them always in the house—ready for colds.

Ask for California lemons, the tart, juicy, practically seedless kind. They make the most effective lemonade for colds.

THE CHOICE OF AMERICAN BUSINESS

Slam the drawer shut!

The drawer of an L.B. Aristocrat
can't bounce open

THE exclusive automatic drawer catch positively prevents that, yet it releases at the mere touch of a finger when you pull on the drawer.

This is but one of the six advantages of the L.B. Aristocrat—six convincing reasons why this perfected four-drawer steel file will give you the service you expect—and more.

The L.B. Aristocrat is that famous four-drawer steel file which, in a recent endurance contest, defeated all competitors and almost doubled the performance of its nearest rival.

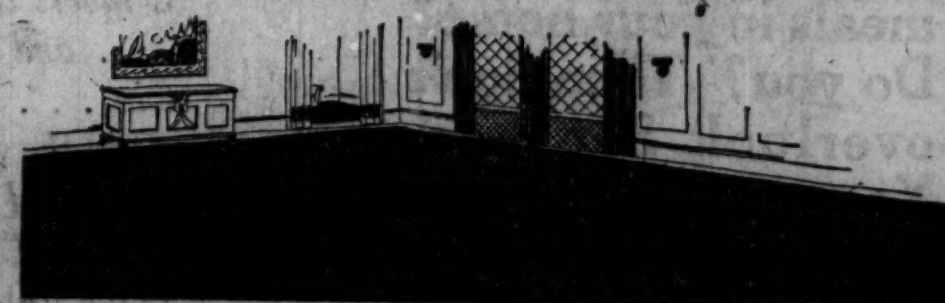

Have you seen this champion steel file? Why not come in and examine it today? You will not regret the little time it takes, and you will find it in drawer sizes and arrangement to meet your every filing need.

FIGHT REPRIEVE FOR KAMMERER, SLAYER OF FIVE

Springfield, Ill., Feb. 9.—(Special.)—State's Attorney C. W. Reed of Du Page county today opposed the granting of a reprieve to John Kammerer, the ax murderer of Villa Park, who slaughtered Otto Eder and four members of his family last June.

With the consent of Kammerer's attorney, Carleton L. Fisher, Dr. Harold S. Hulbert, a psychiatrist who testified in this case, asked the board of pardons and paroles to recommend that Gov. Small reprieve the convicted man from hanging in order that scientific study of the murder may be continued and an investigation made of his possible connection with other crimes.

"Surely," said State's Attorney Reed in reply, "when a man deliberately takes the lives of five persons, even punishment by hanging is inadequate. He ought to be punished five times. There never was a crime that more richly deserved the death penalty." The prosecutor's stand was supported by Dr. Ralph E. Hinton, managing officer of the Elgin State Hospital for the insane. The board took the application under advisement.

HANDS OF DEATH

The hands of the clock indicate the number of deaths by automobiles, and moonshine in Cook county since Jan. 1. Yesterday was the fortieth day of 1925.

Blast in Electric Plant Causes Damage of \$50,000

One of several mammoth steam generators in the People's Public Service electric plant, 128th street and Calumet avenue, Blue Island, exploded last night and caused damage estimated roughly at \$50,000. The damage was confined to the plant and no one was injured. The detonation was heard for half a mile. Officials of the company are investigating to determine the cause.

DEATHS BY AUTO TOTAL 69; YEAR IS 40 DAYS OLD

Three more names were added yesterday to the county's growing list of automobile victims. The year's toll thus far is 69.

Peter Knecht, 44, 1725 North Harding avenue, died at the county hospital of injuries received four months ago when while crossing Fullerton and Harding avenues he was struck by an automobile. Police began an investigation.

A vampire car, speeding past Ogden and Grand avenues, struck and fatally injured John Kowalski, 55, 1511 West Huron street. Witnesses told the police the death auto was a small touring car.

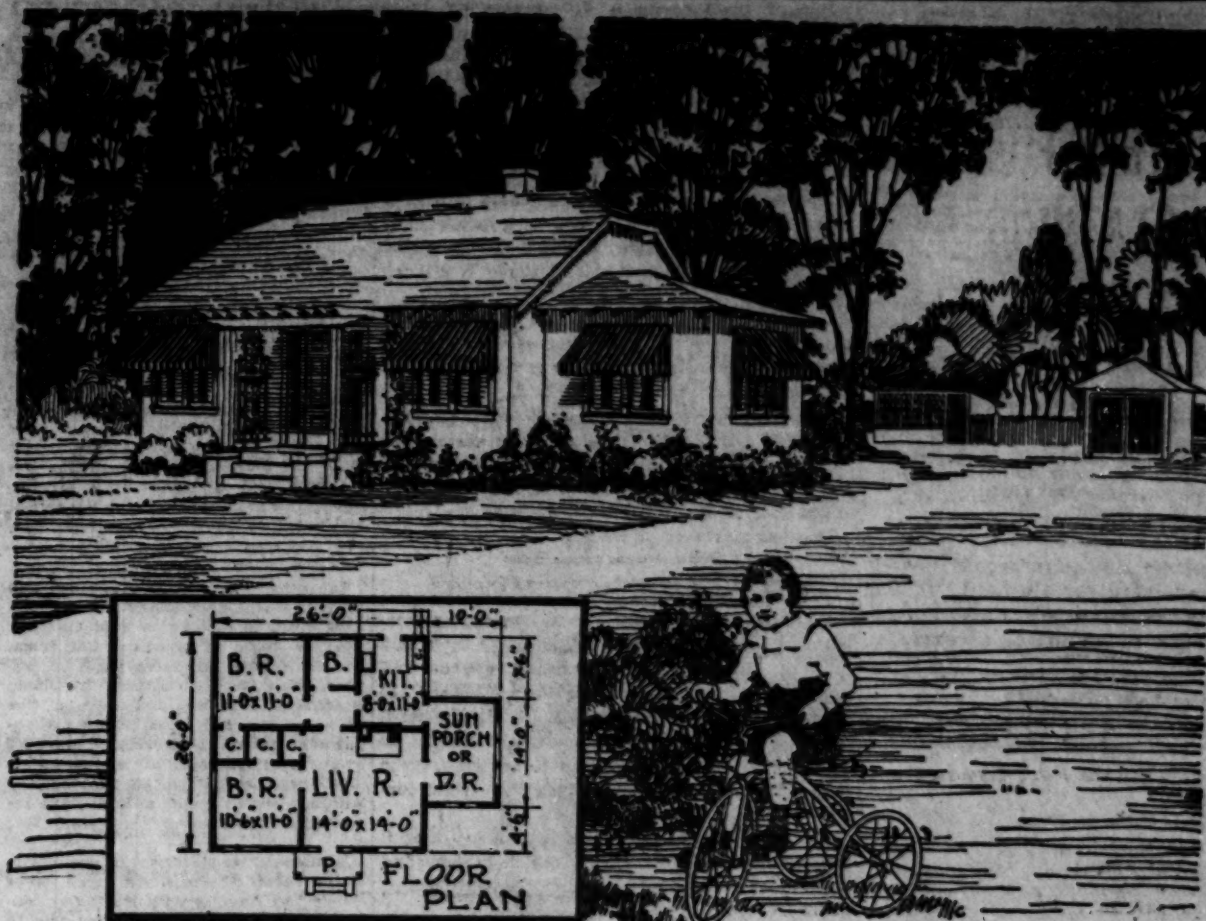

Walter Brown, 6, colored, 253 North Claremont avenue, was killed when struck while on the sidewalk at Fulton street and Oakley boulevard by an automobile driven by Edward Cunde, 2533 West Ohio street, who was held.

BURNS FATAL TO WOMAN.
Burns suffered last Christmas day when her clothing caught fire while she was trying to light a stove yesterday caused the death of Mrs. Mary Thomas, 84 years old, 1845 West 34th place.

Coal Men's Trial Set for April in Tax Case

James McElvain and Charles Hoy, officials of the Freeman Coal company, and Frank Crozier, attorney for the company, will be tried on April 7 in the United States District court here on the charge of conspiring to defraud the government of \$65,000 in the company's income tax return. Assistant District Attorney Edward Hens will prosecute them.

Acre

10-Acre Tracts
Facing a paved road
and a full section line

\$350 Per
Acre

All Titles Guaranteed by Chicago Title & Trust Company

Buy this land by the acre now and later on subdivide into lots. One acre of ground will subdivide into eight 30-foot lots or ten 25-foot lots.

This property is located in the direct path of big developments that are now going on in and around Chicago and should be worth many times the price you pay for it when these projects are completed. Buy land where building activity is now going on and when you have \$500 additional in cash we will build the above 5-room house for \$3,950, balance \$40 per month, including interest.

In this way in the last few years we have built homes for over 6,000 people. We invite you to talk to them and offer them as our references.

Prices here should go up rapidly with building operations now going on. Remember, your best investment is always in a district where there are actual buildings being erected because here values must get higher with every addition to population.

For full particulars and free transportation mail in the coupon below and receive one of our beautiful building plan books without obligation.

Stemware Comforters Picture Frames Framing
Kitchen Furniture Metal Beds and Bedding Lamp and Candle Shades

February Sale of Domestic Rugs

HERE are two more outstanding values in the Domestic Rug Section. Both groups have been purchased especially for the February selling and will be sold at exceptionally low prices.

Imported Seamless Chenille Rugs, 9x12, \$97.50

THESE smooth seamless Chenille Rugs are imported from Europe and are new in color combination and design. Particularly effective in tan and deep colored figures. These values are extraordinary and will prove of great interest to any one in need of rugs.

Many Other Domestic Rug Values This Month

Home Crest Rug Room, Third Floor, South, Wabash

Heavy Chenille Rugs in New Color Effects, 9x12, \$114.75

UNUSUALLY heavy and deep, firmly piled, these luxurious Chenilles are our very finest. They have been developed in new and unusual all-over colors with borders or without in soft mottled tans and heathers, green, green and taupes and black, effective for all parts of the house.

Important Reductions in Curtains and Draperies

THE February Housefurnishing Sales are represented in Curtains and Draperies by a notable list of money-saving values. Specially priced articles make this annual event an important month to the household budget, when so many necessities have been reduced.

Colorful Moquette Couch Covers, \$27.50

THEY are of heavy woolen moquette, skillfully woven in a variety of floral and conventional designs. These imported covers are exceptionally low priced. With their dark, rich shades they will fit into any home.

Hand Woven Panels \$10.75 and \$12.75

THESE French curtains are plain in the center, have wide lace inserts, and are finished at the bottom with a deep fringe. They are of a soft, natural shade, and are 2 1/4 yards long and 40 to 48 inches wide.

Imported and Domestic Cretonnes, 45c the yard

ASPLENDID assortment, including new designs and colorings, emphasizes the value of this offering. They come in 31 and 36-in. widths and have not been offered, previously, at this price in such a variety of patterns.

Belgium Linens \$1 the yard

THIS is a new shipment of Linen. Its wearing and washing qualities make it ideal material for slip covers. It comes plain or striped, and is 50 inches wide. Its beauty and durability mean dust protection during Summer months.

Wooden Curtain Poles, Brackets, Finials and Rings, Are Specially Priced in February

Second Floor, North

BATHHOUSE JOHN MAY HAVE CLEAR SAILING FEB. 24

BY FRANK BUTZOW.

Bath House John Coughlin of the first ward will probably be added to the list of sitting aldermen who will be unopposed for reelection Feb. 24. This became apparent yesterday when the election commission took up the case of Emmett A. Gibbons, Ald. Coughlin's only opponent. His was the first of the thirty-six cases on which the commission began hearing objections.

Gibbons' petition was found to be extremely faulty. They sought to enter him in a Republican primary the date of which was not specified. Inasmuch as there are no longer any party primaries under the nonpartisan aldermanic law little doubt was left that Gibbons would be eliminated, leaving the veteran Coughlin without any semblance of a contest.

The commission yesterday decided to withhold all decisions until all the cases have been heard. This means the results of the hearings probably will not be made known definitely until Friday.

Ald. Touhy, McDonough and Clark will be unopposed Feb. 24. Two of the four candidates entered against Ald.

JOHN COUGHLIN.

Terrance Moran (18th) withdrew yesterday before their cases were heard. Contests have been filed against the other two, Charles A. Wadman and J. W. Kenney, and it was intimated they, too, might withdraw, thus giving Moran a clear field also.

The commission's hearing room was crowded with candidates, friends, and objectors when the hearings began yesterday. Henry A. Berger was present as attorney representing all of the regular Democratic organization candidates.

With the first aldermanic derby only two weeks distant, candidates are rounding the turn for the home stretch next week. The Tenth ward, in the extreme south end, is the scene of one of the bitterest contests of the campaign.

Coroner Oscar Wolf and his Republican following, with the aid of organization Democrats, is out for the scalp of Pat H. Moynihan, one of Gov. Small's Illinois commerce commissioners. They are backing William Rowan, editor of the Daily Calumet, against Ald. Cross, the Moynihan entry. Mayor Dever unqualifiedly endorsed the candidacy of Ald. Sheldon W. Govier for reelection from the Ninth ward yesterday. Govier has complained recently that he was being betrayed by the Democratic organization, that while downtown headquarters of the party were apparently backing him the ward organization, led by Committeeman John J. Leonard, was throwing its strength to Joseph Spiker, one of his opponents.

Columbus Millionaire Obtains Marriage License

Slipping quietly into the marriage license bureau yesterday, Samuel Prescott Bush, 61, millionaire capitalist of Columbus, O., and Mrs. Martha Bell Carter, 45, Milwaukee divorcee, obtained a license to wed and as quietly slipped away. Mr. Bush is president of the Buckeye Steel Castings company of Columbus and is a director of the Pennsylvania railroad. The whereabouts of the couple could not be learned, but it was thought they were married at the home of friends.

Mexican Gets Life Term for Part in Crowley Killing

Life imprisonment was the punishment given to José Estrada, 18, a Mexican, when he pleaded guilty to participating in a robbery that ended up with killing of Sergt. Harry Crowley, a police hero, and Calisto Hernandez, a companion of Estrada. The two Mexicans entered the soft drink parlor of John Quail, 533 West Polk street, on Nov. 8. When the smoke cleared away Crowley and Hernandez lay dead. Fred Halstrom, a postoffice clerk, died a few days later.

For Rent 2,400 Square Feet Attractive Office Space

We have 2,400 sq. ft. of wonderful space to sub-let. Best section of Chicago Loop. New and modern in every way. Unusual air and light. High-class tenants. Unexcelled service. Particularly suitable to commercial artists, publication representatives, etc.

The Former Estate of the Ambassador to England

During the time of Colonel Bryan, who served at one time as Ambassador to England, this mansion was visited by Diplomats from every corner of the world. For years this charming spot has been the envy of hundreds of people who wanted a homesite in Elmhurst's most exclusive section. At last, we offer it to the public.

And Now—You may own one of the Beautiful Homes that will replace this Historic Old Mansion

Nowhere around Chicago is there a spot as beautiful as this property—even on the North Shore. It has justly been called "The Beauty Spot of the Middle West" and, again, "A Bit of Paradise in Elmhurst." Our plans for this property anticipate making of it the most attractive suburban home development ever offered to the public.

MAGNIFICENT TREES

This wonderful old estate is literally a forest of stately trees—elms and oaks that are, many of them, more than a century old. It is a veritable Park with hundreds of these magnificent shade trees, and the avenues of approach, as well, are just as heavily wooded. About 24 modern homes are scheduled—your unrestricted choice—NOW!

York Street and St. Charles Road in Elmhurst's Most Exclusive Section

In the heart of Elmhurst—between the two stations—it is only 2 blocks to the Aurora & Elgin and a short 3½ blocks to the Northwestern station, with their ideal transportation—only 28 MINUTES TO THE LOOP. York Street is literally an avenue of elms—and the historic St. Charles Road, a broad, paved boulevard, is just as beautiful. Where else can you choose a homesite with such desirable frontage, and with at least a half dozen or more magnificent trees on every lot?

Buy your homesite now and we will build and finance your home, or select a lot and pay for it in monthly payments as convenient. For advance information fill in the coupon.

Don't Let That Cold Turn Into "Flu"

That cold may turn into "Flu." Grippe, or, even worse, Pneumonia, unless you take care of it at once. Rub good old Musterole on the congested parts, and see how quickly it brings relief. Colds are merely congestion. Musterole, made from pure oil of mustard, camphor, menthol and other simple ingredients, is a counter-irritant which stimulates circulation and helps break up the cold. As effective as the messy old mustard plaster, does the work without blister. Just rub it on with your finger-tips. You will feel a warm tingle as it enters the pores, then a cooling sensation that brings welcome relief. To Mothers: Musterole is also made in milder form for babies and small children. Ask for Children's Musterole. 35c and 65c, in jars and tubes.

MUSTEROLE
WILL NOT BLISTER

Better than a mustard plaster

CALO THEATER BUILDING SOLD FOR \$350,000

BY AL CHASE.

Bert Schreiber, Chicago real estate operator and more lately identified with the Florida realty boom, yesterday sold the Calo theater property, at the northwest corner of Clark and Balmoral, 185x125, to Otto C. Kraemer, for an indicated \$350,000, subject to \$245,000. The building contains an 850 seat movie, fifteen stores, and thirty-four offices.

The thirty-one flats at Drummond place were sold by Abraham Bros. to John O. Carlson, together with forty-three flats and two shops at 2320 North Spaulding and twenty-five apartments at 2224 North Spaulding, for a reported \$650,000. In part payment thirty-one flats at 5131 North Robey were transferred at a reported \$250,000. Charles A. Johnson was broker.

Deal Sidetracks New Theater. Plans for another big playhouse, supposedly a vaudeville theater, for the Woodlawn district, were temporarily sidetracked yesterday when Andrew Karmas, film and box-trot impresario, secured control of fifty of the 200 feet necessary for the erection of the building.

Mr. Karmas and Nikitas Nomikos bought the ninety-nine year leasehold at 620-42 Cottage Grove and thereby balked the building plans of the undisclosed syndicate who had already secured control of property adjoining. Walter Snell is owner. The lessees have an option to buy at \$175,000 prior to 1931.

Buys Evanston Apartments. The thirty-two apartments at 825 Forest avenue, Evanston, were sold by Harry Rabinovitch, Herman Klam, and Jacob Jaffe to John Martocchio, furniture dealer, for an indicated \$270,000, subject to \$175,000. S. M. Schile of T. J. O'Donnell & Co. was broker.

The new Glen Eden hotel at 5130 Dorchester, containing 110 rooms, has been leased by Ralph J. Grimsley, upholsterer, for ten years at a total net rental of \$312,500, according to Milo B. French, of Carroll, Schendorf & Boenicke. The hotel has just been built by the Glen Eden Building corporation, of which Charles Anderson is president and his son, Paul A. C. Anderson, treasurer. Landers, Frary & Clark, wholesale cutlery and silver, have leased the entire fifth floor of the Flak building, southeast corner of Wabash and South Water, for seven and a half years from May 1, 1925, at a term rental of \$92,000. Chester H. Hartmann of John R. Magill & Co. and Fred J. Tucker of Willoughby & Co. were brokers.

Kellogg to Have Portrait Painted by Embassy.

[Copyright, 1923, by the New York Times.] LONDON, Feb. 9.—Ambassador Kellogg has commissioned Delacoste to paint his portrait for the American chancellery, as an addition to the already existing collection of ambassadors' portraits.

Coolidge Demands Lower Capital Rents of Congress

Washington, D. C., Feb. 9.—A concerted attack by real estate and other financial interests has not deterred President Coolidge from doing what he

can for relief of tenants in the District of Columbia. The President today told Representative Begg of Ohio, a member of the house steering committee, that mounting rentals here made it imperative for congress to do something before adjournment to control the situation.

"What's all the Shootin' for?"

THEY must all be liars" concludes many a layman who glances over the conflicting claims to advertising leadership made by the Chicago newspapers.

"Merchants do not seek business by quoting sales comparisons with their neighbors. Why should newspapers resort to this distasteful method of competition?" is the next thought.

Since each claim is apparently supported by a wealth of statistics "compiled by The Advertising Record Company, an independent auditing service," the audience is apt to have the uneasy feeling of one in the presence of magicians.

In this series we shall attempt to give a picture of the lineage situation in Chicago from all angles, explaining the "tricks of the trade" by which statistical support is worked out for the conflicting claims of competitors.

Since The Daily News uses more of this type of competitive lineage advertising than all other Chicago papers combined, this discussion will be illustrated by using The Chicago Tribune and The Chicago Daily News as examples.

We discuss the matter under five heads:

1. Why use competitive lineage figures?
2. 6 days against 6.
3. Department store situation.
4. Want Ads—lineage or number?
5. Going forward or going back?

Reprints of the entire series may be had by addressing The Business Survey, 7 South Dearborn Street, Chicago

6 days against 6

THE Chicago Tribune is published seven days each week. The Daily News is published only six days each week.

The Advertising Record Company reports Tribune and News total advertising for 1924 as follows:

	Columns		
	Daily	Sunday	Total
Tribune	57,442	36,495	93,937
News			65,277

Advertisers in The News must concentrate their copy in six issues per week. In The Tribune they may spread it over seven. From the standpoint of the advertiser, it is the total expenditure in each paper which is of interest. But The News often issues claims to supremacy based entirely upon six-day records—ignoring completely the existence of the Sunday issues of The Tribune.

If the Sunday issues of The Tribune were actually wished out of existence by The News, it is questionable what proportion of their business would go to the week-day issues of The Tribune and what to other papers. But as long as The Tribune is issued on Sunday and as long as this Sunday Tribune carries a tremendous volume of advertising, it is absurd to assume that it is not worth mentioning as a competitor of The News.

When it is not specifically noted that Sunday lineage has been deducted from Tribune totals, this copy is false and misleading. And if Sunday lineage is deducted, it should be printed separately so that the reader may see how this one issue of The Tribune carries more advertising than three issues of The News. In some classifications the lead is even greater.

For instance, The News recently printed the following in a full page advertisement:

"Chicago is one of the greatest automobile markets in the world, and The Daily News is the greatest automobile and automotive accessory medium among all Chicago daily newspapers—as is proved by its pronounced and continued leadership in automotive advertising."

"Here are the lineage figures for the year 1924, supplied by the Advertising Record Company, an independent audit service maintained by all the Chicago newspapers:"

	Comparison Lines
The Daily News	558,341
The Daily Tribune	445,399
The Daily News' excess over the next highest score, that of The Daily Tribune	112,942"

Actually the lineage report of the Advertising Record Company reads as follows:

Automobiles		
	The Tribune	The News
Total	1,039,716	357,032
Daily	270,848	
Sunday	768,868	

Automotive Parts and Accessories		
	The Tribune	The News
Total	313,134	201,309
Daily	174,551	
Sunday	138,583	

Thus we find that The News carried 558,341 lines of automotive advertising but The Tribune in its Sunday issues alone carried 907,451 lines. Not only did The Tribune on one day carry 62% more than The News did in six days but advertisers paid for Sunday Tribune space more than double the rate charged for News space.

In short, automotive advertisers during 1924 (after a generation of experience) spent four times as much in The Tribune as in The News, yet the latter by suppressing vital figures shouts claims to leadership.

If lineage figures are to serve their purpose as an index to the responsiveness of any group of newspaper readers, they must be complete—not mutilated to fit the internal policies of a particular paper.

Kockler leading.

BY WALTER ECKERSALL.
In a hectic jam last night which lasted nearly twenty minutes the Chicago team of Carl Stockholm and Hy Kockler gained a lap on the six day bicycle race at the Coliseum. The lap was gained in the tenth hour, shortly before 10 o'clock.

As a result the local riders, who won the November race of 1923 held in the same building, are solidly entrenched in the first place. The Italian-Belgian combination of Belloni and De Graeves are second with 56 points, but one lap behind the leading pair. The Belgian team of De Wolfe and Desruyter are third with 74 points.

Record Crowd on Hand.
Because the largest crowd that ever saw a night of six day bike riding in Chicago was present the sprints were started half an hour early. It was not until the seventh day the riders gave any indications of jamming. In this sprint Spencer led go but Merkle, his partner, was unable to keep the pack at a safe distance.

After Fitzsimmons, Horan, and Madden had fallen on the home stretch when making reliefs the tenth sprint started and shortly afterward the field was complete, as none of the fallen riders was even scratched. The field rode around the square in the usual manner and none of the riders expected another jam until the sprint was over.

Kockler Starts Again.
Finally it was Kockler's turn to pace the field. On his second trip around the track and the riders were in the homestretch. He let out with a great burst of speed and soon was a quarter of a lap in advance of the pack because Stockholm, who was in second place, refused to chase.

It then was up to McNamara, who came out of fourth position, to chase the flying milkman. Other riders bent to the task of chasing McNamara, but Kockler had too big a start. He made a perfect pickup with Stockholm and the latter increased the lead before the relief riders could get under way. In the meantime Goosens and Broce tried to bring the field around, but Kockler and Stockholm had gained too much ground and when the excitement died down Referee Frank Kramer awarded a lap to the local riders.

Made Their Own Chance.
The announcement was received with thunderous applause, which lasted three minutes. The local riders were cheered every time they came on the track, and they deserved it. They made the break and took advantage of it. Unlike laps gained in former races when other riders started a jam only to have others gain the lap, Kockler and Stockholm are entitled to all the credit.

During the jam both did some great riding. Their pickups were faultless and they went through the relief riders by taking some dangerous chances. Kockler especially did some great riding, but he had nothing on Stockholm, who is riding his greatest race in Chicago. Both are products of local amateur ranks and have large followings in Chicago which will be out to support their favorites during the remaining days of the grind.

All After Them Now.
Stockholm and Kockler, however, are in a precarious position. Other combinations in the race will try to draw upon even terms and jamming will start at any time. For this reason the local pair must be prepared to sit in and ride all the time. They undoubtedly will be satisfied to hold their lead in mileage and not try to score points in the sprints.

The day was featured by numbers of jams. Even in the afternoon sprints Goosens tried several times to get away, but the pack was right after him. In the early evening Decker and Neffetti made a strong bid for a lap and the same was true of Broce and Buysse. Just before midnight Goosens and Desruyter tried to strike the right angle but were unsuccessful.

Riders in Good Condition.
All the riders appear in good shape and unless accidents overtake some of the combinations no team will be smashed and new ones assembled. Bikes and tires are holding up better than in previous races, but this is due to the hard lumber used on the straightaways.

Promoters Harmon and Chapman estimated last night's crowd at 8,000.

MAGUIRE FELL BY BERLENBACH
Philadelphia, Pa., Feb. 9.—[Special.]—Paul Berlenbach, New York light-heavyweight, stopped Frankie Maguire, Williamsport, Pa., in the fifth round of a ten round bout here tonight. At the end of the fourth round Maguire sank to the floor from exhaustion and shortly after the opening of the fifth Berlenbach landed a hard blow to the body and Maguire went down. The referee then stopped the fight to save him from further punishment.

A. B. C. GRAPPLERS WIN.
The American Boys' Commonwealth wrestling team registered its fourth consecutive victory last night by defeating the Oregon team, 40 to 15. The bouts were held at the Oregon park gym.

PAAVO NURMI RUNS,
WINS, BUT THAT'S ALL

Portland, Me., Feb. 9.—Paavo Nurmi, Finnish runner, won a featureless victory in the special 3,000 yard run at the American Legion games here tonight and failed by many seconds to touch the world's indoor record of 7:58.5. His time was 8:14.25. Nurmi lapped the other three starters twice. He seemingly made no attempt to challenge the record and made no sprint at the finish. His competitors were Sullivan of Colby, Whittier of Bowdoin, and Ludwell of Ford Preble.

Leo Larrivée of Holy Cross won the invitation three-quarter mile run with James Connelly of Washington, second, and Jole Ray, Illinois A. C., third. The winner stepped the distance in 3:16. Lloyd Hahn of Boston A. A., the other starter, trailed.

QUATRAIN MADE
FAVORITE FOR
KENTUCKY DERBY

Louisville, Ky., Feb. 9.—Since the winning of the \$25,000 New Orleans handicap last Saturday, Quatrain has become one of the favorites here for the Kentucky Derby, because his success follows the historic path to victory of Black Gold.

Quatrain's showing in the Jefferson Park derby on March 17 at New Orleans will be closely watched.

Turf experts here point to the hard spring campaign and the fact that Quatrain has been conditioned him to score a narrow margin over the rest of the candidates.

Kentuckians also hope for Quatrain's success because he was foaled at Paris, Ky. Bonnie Mary, dam of Quatrain, is still owned by William Woodward, who sold Quatrain as a yearling to Johnson.

SPRINGFIELD AND
QUINCY ADMITTED
TO 3 EYES LOOP

The Three Eyes Baseball league was expanded from a six to an eight club circuit yesterday when Springfield and Quincy were awarded memberships at a meeting of club owners here. It was decided to open the season May 5 and close Sept. 15, making a schedule of 140 games.

William Jackson, for five years manager of the Peoria club, signed during the day to pilot the Springfield team.

Commenting on the last presided over by A. R. Torney of Chicago, who resigned after serving the organization for twelve years. He was succeeded by L. J. Wylie, retiring president of the Decatur club.

YOST SAYS KIPKE
NOT OFFERED JOB
AS HEAD COACH

Ann Arbor, Mich., Feb. 9.—[Special.]—Stories to the effect Harry Kipke, former Michigan all-American half back, had been offered the position as head football coach here to succeed George Little, who goes to Wisconsin to assume the athletic directorship there, were denied today by Fielding H. Yost, Wolverine director of intercollegiate athletics.

Commenting on the reported appointment of Kipke, Yost made the following statement: "I am at a loss to know where the information regarding Kipke's appointment to fill Little's place originated. I know nothing about it."

ILLINI ELEVEN ACCEPTS BID TO MEET CAL
Washington, D. C., Feb. 9.—[Special.]—The University of Illinois football team will be the recipient of signal honors in Washington after it plays the University of Pennsylvania on Oct. 31 next. Senator McKinley (Rep., Ill.) has invited the team to come to Washington the next day and spend several days here, meeting President Coolidge and being entertained at a dinner and reception. The senator today received an acceptance of the invitation.

In the Wake
of the News

TENNIS POLITICS.
VICTORY of the progressive faction, headed by Champion Bill Tilden and supported by the west, at the annual meeting of the United States Lawn Tennis association presages more consideration to other sections of the country.

There is an element in the east in sympathy with broader policy. This element cast its vote to make a majority on questions which proved the test.

The result must be particularly gratifying to Tilden, who for several years has been at loggerheads with the ruling coterie. In particular, he put over a rule requiring the Davis cup committee to name the doubles team twenty-one days in advance of play. Tilden and the committee had a violent dispute in 1923, which did not become public until later. At that time Tilden was advised of his partner only a day or so before the match.

In rejecting the national rankings for 1924 as published recently and substituting those previously favored, the national body gave Chicago representation in the first ten for the first time since 1919, when Walter Hayes was ninth, having been fifth in 1918. George Lutz is the player ranked No. 9. Similarly, Lucien Williams advances from No. 14 to No. 11.

Officials of the Western association, hard working and energetic, are becoming more and more a factor at national gatherings.

Loon Lake.
Remember the great night we've spent
Around a hunter's fire?
A blood-red moon, and the wind's soft roar
As it smokes the pine's sweet lyre—
Of our paddles in swamp and brake;
The laugh of that jester, Sir Loon;
The mist that would fall, a shimmering pall,
Smoke wreaths in a dim festoon.

Jack's Matrimony.
All the alert know that the firm of Dempsey and Kearns, who are now in the hard to beat. The Jack of clubs has become the Jack of hearts with diamonds in the right bow. This makes the other Jack wild as the dice.

Kentucky Derby Prospect.
Quatrain, son of a former Kentucky Derby winner, Omar Khayyam, in 1917, we hail you as the first in 1925 racing to attain prominence as a candidate for this year's event at Louisville May 16. One time prejudice against New Orleans winners taking away the Kentucky classic was shaken somewhat last year by Black Gold, which campaigned in the Crescent city.

Why Wouldn't He Quit Ring?
Dempsey said he was going to quit the ring. Then he paid \$7,500 for one.

This Wake Is Conducted by Harvey T. Woodruff. Help!
Judging by Appearance.
A cute looking young thing made a purchase at a loop store. She gave her name as O'Leary, with some Rogers Park address. Looking at her big hat and muddy shoes, the clerk asked: "Any relation to Dan?" (the hiker). Loyol.

"The First Lie, Ain't Got No Chance."
Out our way the country is noted for its hills and their echoes. I never use an alarm clock. At 9 p. m. I lean out the window and yell, "Get up at 6 o'clock." On the dot the next morning my own voice comes back to awaken me.

Dumbbell Pomes.
Of all dumbbells who gaily roam
And advertise an empty room,
The dumbbell I've ever known
Is he who writes a dumbbell poem.

Tex Rickard Hears Dempsey
Has Broken with Jack Kearns

New York, Feb. 9.—[Special.]—An atmosphere of skepticism and doubt prevailed in local boxing circles today on the question of whether Jack Dempsey would engage in any world's heavyweight championship bouts here this summer. In fact, there was a feeling manifest in some quarters that Dempsey may never again enter the ring.

It was said by many a break between Jack Kearns, manager of Dempsey, and the world's heavyweight champion, together with the known objection of the new Mrs. Dempsey to her husband's continuing his ring career, were elements which indicated the champion was through with the ring.

Signs Point to Break.
That there is a break between Dempsey and Kearns has been reasonably established in local circles. Different boxing followers have received more or less authentic telegrams containing information on the difference between the champion and the man who piloted him to wealth.

Letters have been received here conveying the same information, and the failure of Kearns to attend the wedding of Dempsey last Saturday was accepted as confirming reports and substantiating the information which recent communications from the coast have contained.

Tex Waits Word from Jack.
Promoter Tex Rickard said today he is awaiting word direct from Dempsey as to whether he will consider under-taking bouts against Tom Gibbons and Harry Wills.

The Garden state impresario already has received an encouraging telegram from Kearns, but admitted a feeling of uneasiness in view of the most recent developments in the situation affecting Dempsey. Rickard said he has received positive and reliable information on a break between Dempsey and Kearns, but explained he hesitated to believe the break involved the business relations between the manager and boxer, as well as their social ties.

At any rate, negotiations for Dempsey's ring services are somewhat unsettled and will remain so, from present indications, until Kearns' arrival here next month or until some definite word is heard from Dempsey.

Woods and
Waters BOB BECKER

HERE AND THERE OUTDOORS.
WHEN a fisherman prowls around the north woods looking for sport with the flinty tribes he encounters lakes with queer and sometimes quite unlovely names, some lakes bear names that are both appropriate and beautiful. But when you read of or fish in a swamp, you are reminded that sometimes nothing less than a case of libel.

For example, in the Flambeau reservation in Wisconsin there is a Swamp Lake. A fellow hearing of it is apt to picture a boggy country filled with mosquitoes and a shallow, unprepossessing lake. Swamp lake is anything but that.

Bill Dormeyer, a resident on the shores of Swamp lake, says that its present name is slander and wants to change it. When a body of water has a beautiful shore line, when it is a dandy small mouth bass fishing hole, when it is anything but a swampy lake, it's time to make a change. Hop to it, Ben, and here is our suggestion for a new name: Why not call it the Walton lake?

DETROIT WANTS
TO LAND FIRPO,
GIBBONS MATCH

New York, Feb. 9.—[United News.]—If Luis Angel Firpo can find a boat big enough to float him back to America after he gets through sampling the food and the pleasures of continental Europe, he can have that fight with Tommy Gibbons that he has talked so much about.

Promoters in Detroit are willing to take up the promotion where the National Sporting club of London dropped it a few weeks ago. Gibbons wanted a guarantee of \$75,000, and that discouraged the English financiers; but Eddie Kane, Gibbons' manager, says the men in Detroit believe they will be able to pay Gibbons his price.

JACK MUM ON SPLIT

LOS ANGELES, Cal., Feb. 9.—[Special.]—Jack Dempsey has made up his mind to fight again.

"I am not retired as heavyweight champion, nor from the fight game," Dempsey declared tonight while waiting for his bride of two days, Estelle Taylor, to meet him at the Barbara hotel.

"Kearns is dicker with Tex Rickard right now. She will agree to my decision. I don't feel like talking business now. What interests me is, I'm married to the finest little woman in the world."

ready has received an encouraging telegram from Kearns, but admitted a feeling of uneasiness in view of the most recent developments in the situation affecting Dempsey. Rickard said he has received positive and reliable information on a break between Dempsey and Kearns, but explained he hesitated to believe the break involved the business relations between the manager and boxer, as well as their social ties.

At any rate, negotiations for Dempsey's ring services are somewhat unsettled and will remain so, from present indications, until Kearns' arrival here next month or until some definite word is heard from Dempsey.

MANDELL MEETS
COOLIDGE, GETS
A REAL WALLOP

Washington, D. C., Feb. 9.—[United Press.]—Sammy Mandell, new official lightweight champion by virtue of his pommeling of Sid Terris last week, presented his fighting hand to President Coolidge today during "reception hour" at the White House executive offices. Sammy was in line to meet the President and got a real wallop out of it.

Jack Malone and Ray Pelmer, who meet in the windup of the boxing show at East Chicago on Friday night, resumed training yesterday at local gymnasiums. Efforts will be made to match the winner with Paul Berlenbach for the next show.

8 SOCCER CLUBS PLAY IN INDOOR MEET FRIDAY
Six soccer clubs from the major league and two from the international circuit will take part in the indoor tournament at the Broadway armory Friday night, Carl Johnson announced last night. The Bricklayers, Sparta, Swedish-Americans, Canadian club, North Shore, and German club are the major league entrants, while Sture and the Norwegian-Americans are entered from the international.

HAROLD SMITH BACK;
MARTIN GO IN SIGHT

Decisions of Tribune boxing representatives are:
At Milwaukee, Wis.—Frankie Moore beat Joey Sanger (10); Connie Curry beat Eddie Macey (10); Jack Sheddwin knocked out Jack Zeller (11); Frankie Speranza beat Young Shaw (14).

At Philadelphia, Pa.—Paul Berlenbach stopped Frankie Macey (10); Ad Stone beat Jim Slemmer (10).

At Providence, R. I.—Jim Maloney knocked out Sailor Tom Martini (11).

At Peoria, Ill.—Charles Raymond beat "Kid" Worley (10); Paul Milner knocked out Jack Corlino (7); Johnny Harris beat Frankie Bush (6).

At Baltimore, Md.—Bobby Garcia beat Lou Mays (12).

At Scranton, Pa.—Jack Zeller stopped Bobby Tracy (6).

At New Orleans, La.—Doris Williams beat Jack Doyle (10); Joe Becker knocked out Kid Berlenbach (11); Al Greco beat Young Morris (11); Harry Angulo beat Eddie McCormick (6).

At Trenton, N. J.—Tommy West beat Rocky Smith, foot (4).

At Wilkesbarre, Pa.—"E. O." Phil Kaplan knocked out Vic Hirsch (9); Tommy Murray beat Pete Zile (10).

At Atlantic City, N. J.—Kid Williams beat Al Monahan (6); Joe Welling and Joe Reynolds, draw (8); Willie Bruce beat Kid Apollo (6).

At Savannah, Tenn.—Young Jack Dillon beat Rebel Red Herling (8).

Harold Smith, the doughty stockyard bantamweight, who won a twelve round decision over Charley Goodman in New York City last Friday, yesterday returned to Chicago with Manager Buck Montgomery and Trainer Art Winch.

Manager Montgomery brought back the information that Smith is in line for a match with "Cannonball" Eddie Martin for the world's bantamweight championship. Efforts are being made by Promoter Tex Rickard to match Smith with Bushy Graham of New York, and to pit the winner of this contest against Martin. If Graham refuses to meet Smith, then Harold will meet the title holder without having to engage in another fight to show his caliber.

Jack Malone and Ray Pelmer, who meet in the windup of the boxing show at East Chicago on Friday night, resumed training yesterday at local gymnasiums. Efforts will be made to match the winner with Paul Berlenbach for the next show.

JOHNSON TO JOIN
WORLD'S CHAMPS AT
CAMP IN TWO WEEKS

RENO, Nev., Feb. 9.—Walter Johnson has given up any hope of acquiring a Pacific Coast league baseball club and will pitch for the Washington American league team again this season, he said today. He will join the team in Florida in two weeks.

"I do not know whether I will sign a contract for one year or for two years," he said. "There is no chance of getting a coast league club."

Johnson Ordered to Report.
Washington, D. C., Feb. 9.—Walter Johnson, who announced today at Reno that he would pitch again for the Senators, is under orders to report Sunday to Manager Harris at the Springs, Ark., to begin training Monday with other veterans of the team.

FELSCH SALARY SUITS
SETTLED FOR \$1,166

MILWAUKEE, Wis., Feb. 9.—[Special.]—Oscar (Happy) Felsch, former Chicago White Sox ball player, who has been suing the Chicago American league club for alleged breach of contract, because he was discharged before the end of the 1920 season, accepted \$1,166 in settlement of his case today as it was about to go on trial before Judge Hyron B. Park.

Felsch sued for \$661 as salary for the unfinished term of 1½ contracts and \$505 due him at the time of his discharge. An additional suit for \$1,500, which he claimed was promised the player for completing the 1917 pennant, was dropped.

"SAVES EXPENSE OF TRIAL."
In explanation of the Felsch case last night Secretary Grabner declared it was not a settlement between the White Sox club and Felsch, but simply that President Comiskey of the Sox agreed to allow Felsch to take judgment for the amount rather than put the state of Wisconsin to an enormous expense of conducting another such trial as the Jackson trial of a year ago.

NO EXCITEMENT
ANTICIPATED AT
A. L. MEET TODAY

BY JAMES CRUSINBERY.
American league club owners will assemble in St. Louis today for the annual schedule meeting and there is every indication that adopting the schedule will be about the most important thing up for discussion, though there are numerous things of minor importance which may be talked over to make it a day's work.

President Johnson and Secretary Harridge of the A. L. Johnson, league left last night to attend the gathering. Before leaving, the league boss stated that he didn't anticipate anything of an exciting nature coming up before his associates, but hinted that it was possible he might have a few things to say.

Ball May Have Message.
This is the first gathering of the league since the day of the joint meeting of major league in December, when President Johnson was eliminated from the advisory council of organized ball and his place filled by Vice President Naves. All club presidents, except Phil Ball of the St. Louis Browns, voted for that change, so it also is possible that Mr. Ball may have something to say to his fellow club owners when they all get together in one room today.

At the White Sox office, Secretary Grabner stated that there might be no representative of the south side club at the meeting, as he didn't expect anything of importance to take place.

Ball Host at Banquet.
Mr. Ball, as host of the gathering, will stage a banquet tonight to the visitors and the baseball writers who attend, and as it is seldom that a real baseball meeting is staged in his town, he intends to make the second something worth while, according to reports.

At the headquarters of Commissioner Lucius, yesterday, it was announced that the former judge would be back in this country from his Panama trip by Wednesday, but that he intended to dock at Baltimore, Fla.

A visitor in the city yesterday was Barney Dreyfuss, owner of the Pittsburgh Pirates. He, with Mrs. Dreyfuss and their daughter, were on their way to California to have a few weeks of roaming about the resorts of southern California before the Pirates assemble for spring training at Paso Robles.

Cooper Wants Early Start.
A wire to President Veech of the Cubs yesterday from Pitcher Wilbur Cooper stated he desired to leave for the Catalina camp of the Cubs on Wednesday of this week so that he might have a few weeks of good fishing before time for the spring work to start. Secretary Veech immediately procured the necessary transportation.

COLORADO HOUSE
PASSES 12 ROUND
BOXING BILL

Denver, Colo., Feb. 9.—A bill that would legalize twelve round boxing contests in Colorado was passed on third and final reading by the lower house of the Colorado assembly today. It now goes to the senate.

A Great New Novel by ZANE GREY

begins in the February Issue

Another wonderful story of the great West which Zane Grey knows and depicts so graphically. This time among the primitive backwoods people of the San Dimas mountain district, where the dawn of modern civilization comes in the guise of Lucy Watson, a young and comely welfare worker. In the thick of the ensuing swirl of human passions towers Edd Denmeade, The Wild Bee Hunter. Beginning in the February issue now on sale—10 cents a copy, or a full year for \$1.00. Use the coupon below.

BOOTH TARKINGTON'S Damsel Dark, Damsel Fair

In creating Lily Dodge—"that wistful slip of a girl, so fair and fragile," who twisted her entire family about her little finger and "got away with anything," even to being "practically almost engaged" to three swains at once—Booth Tarkington gives us an etching of feminine adolescence even more brilliant than his ALICE ADAMS. In the February issue now on sale.

WILLIAM LYON PHELPS First of a Great Series of Lay Sermons

Few living men have so mastered the art of friendship as has Professor Phelps—"Billy" Phelps, as he is lovingly known to every one of the thousands of men who have passed through his class-rooms at Yale. His great series of lay sermons, to appear during the year in The Journal, opens with an expression of his faith—faith in God, faith in man, faith in the great Christian Adventure. Beginning in the February issue now on sale.

OPPOSITE CHICAGO

BY NANCY R.
Today Mr. and Mrs. L. McCormick are leaving home for a week's stay at Miami, Fla. Grandchild, Ralph Tyne McCormick, is fairly embarked on the mundane sphere. He is a student and a loverly member of the Phi Kappa Psi at the Presidential college. They will be back in a few other week.
Young Ralph's ornaments are an interesting historical. His grandfather is Col. John A. New York. On their home in New York. On their home at an end he owns a modest estate on the southeast of Miami. He accompanied him in the boat in opening up the islands, and laying out the roads, and has since built there a large house. He is in the process of building a garden. He is the son of the Chicago family name, although Ralph's name came from the Chicago family.

The Allister McCormick name connects the famous history of the family to the Tyndale, famous of the Protestant martyr who died for him made the translation in the New Testament, and without a title. A Catholic church he was named of King Henry VIII (the Merrie Monarch) died and there was a revolt against the pope. He was a predecessor equally famous martyr Tyndale, and Ridley, who for fates two decades later. Ralph Tyndale, an Englishman's children's brother, Edward married an English girl Webyridge, England and of London. The Robert Tyndale, a priest, was the year when they spent some England. By the way, building a country house in Lake Forest, which is most likely to thank the beautiful places.

The Chicago Public Safety and the Municipal Chicago have issued invitation for a dinner for Homer Sain will take place on Thursday at the Congress hotel. Also the organization will be Mr. Arthur S. Brewster, Mrs. Parthen, William E. Dever, C. H. Erwell, William McAndrews, Harshie, and John E. Director of the Milwaukee Art Saint Gaudens will speak on "Need for Art" and Mr. T. A. talk on "Contemporary Versus Foreign Painting."

The Junior Friends of at 2:30 o'clock this afternoon at the residence of Miss Frances Lake Shore drive. Miss remembered for her performance of the children's plays, will ex-monologue, and Raymon the Art Institute school "Art as a Vocation."

Mr. and Mrs. Ford F. State parkway will give tomorrow evening for the Carnegie Hotel, where they will sail on March where they plan to make new residence.

The executive committee of Friends of Opera will meet at noon at the Arts club.

Scribner Fitzgugh and Mrs. Miss Virginia and friends, the son and Mr. and Mrs. Carter Lake Forest, were among Chicago arrivals at the Mr. and Mrs. Lymanbourne of 70 Scott street.

Mrs. Charles Edward Lake View avenue is U and Mrs. Lawrence O. their yacht, cruising in ters.

Mrs. Raymond E. De netka has returned from was the guest of friends New York.

Mrs. Loring Coleman sion street has visiting Mrs. Russell Fessenden Mrs. Joseph G. Coleman seriously ill, has recovered to entertain on Sunday Mrs. Fessenden, who is about ten days.

L. H. McCormicks Are Departing Today for Sojourn in Florida

BY NANCY R.

Today Mr. and Mrs. L. Hamilton McCormick are leaving home for a three weeks' stay at Miami, Fla. Their latest grandchild, Ralph Tyndall McCormick, is fairly embarked on life on this sun-drenched sphere. He and his young and lovely mother, Mrs. Alister McCormick, are at the Presbyterian hospital, where they will be for still another week.

Young Ralph's ornamental name has an interesting historic significance. His grandfather is Col. Ralph Isham of New York. On their honeymoon, the Alister McCormicks visited Col. Isham at an island he owns some hundred miles southeast of Miami, where they accompanied him in the first steps he took in opening up the island, making roads, and laying out the land. He has since built there a fine house, and in the process of creating a garden. He is, by the way, no relation of the Chicago family bearing the same name, although Ralph is a family name among the Chicago Ishams.

The McCormicks baby's middle name connects the child with English history, as he is a descendant of William Tyndale, famous in the annals of the Protestant reformation, a man who died for his faith. He made the translation into English of the New Testament, which was published without a title. For this act of defiance, he was executed by the Catholic church he was, at the command of King Henry VIII, of England ("the Merrie Monarch"), first strangled and then burnt at the stake in 1536. He was a predecessor of those equally famous martyrs, Cranmer, Latimer, and Ridley, who suffered similar fates two decades later.

Ralph Tyndall McCormick has three English cousins, children of his father's brother, Edward McCormick, who married an English girl and lives in Weybridge, England, an hour or so out of London. The Robert Lamonts of Lake Forest, leased this house last year when they spent some months in England. By the way, they are now building a country house on their place in Lake Forest, which will add one more fine estate to that assemblage of beautiful places.

Day's News in Society

The Chicago Public School Art society and the Municipal Art League of Chicago have issued invitations for a dinner for Homer Saint Gaudens to take place on Thursday evening at the Congress hotel. All guests of the organization will be Mr. and Mrs. Walter S. Brewster, Mrs. Parmalee McFadden, William E. Dill, Charles M. McDowell, William McCandrew, Robert B. Harsh, and John E. D. Trask, director of the Milwaukee Art Institute. Mr. Saint Gaudens will speak on "Our Need for Art," and Mr. Trask will give a talk on "Contemporary American Versus Foreign Painting."

The Junior Friends of Art will meet at 2:30 o'clock this afternoon at the residence of Miss Frances Oliver of 993 Lake Shore drive. Miss Oliver, who is remembered for her clever impersonations of animals in the Junior League children's plays, will give an original monologue, and Raymond P. Ensign of the Art Institute school will speak on "Art as a Vocation."

Mr. and Mrs. Ford B. Carter of 1411 State parkway will give a dinner tomorrow evening for Mr. and Mrs. Carleton J. Holdrege of 32 Scott street, where they plan to make their permanent residence.

The executive committee of the Friends of Opera will meet tomorrow night at the Art club.

Scribner Fitzhugh and his two sisters, Miss Virginia and Miss Mildred Fitzhugh, the sons and daughters of Mr. and Mrs. Carter H. Fitzhugh of Lake Forest, were among last week's Chicago arrivals at Coronado Beach. Mr. and Mrs. Lyman Bernard Kichborne of 70 Scott street are also at Coronado for a sojourn.

Mrs. Charles Edward Brown of 1450 Lake View avenue is the guest of Mr. and Mrs. Lawrence O. Heyworth on their yacht, cruising in southern waters.

Mrs. Raymond E. Durham of Winnetka has returned from the city where she was the guest of friends in Boston and New York.

Mrs. Loring Coleman of 31 East Division street has visited her mother, Mrs. Russell Fessenden, of Boston. Mrs. Joseph G. Coleman, who has been seriously ill, has recovered sufficiently to entertain on Sunday at luncheon for Mrs. Fessenden, who is to be here for about ten days.

Club Party Postponed.
The annual evening party of the Algonquin Woman's club, which was to have been given this evening at the Algonquin Beach hotel, has been deferred owing to the sudden death of the club's founder and president, Mrs. Edith Lindsay Hartenstein.

MISS LAURA EMILY SLOSSON.
(H. S. Reick Photo.)
Miss Laura Emily Slosson, daughter of Mr. and Mrs. Frank S. Slosson of Glenview, has been chosen to lead the grand march for the annual Delta Kappa Epsilon fraternity ball on Thursday evening at the Blackstone hotel. The decorations and favors for the party are to be carried out with a carnival motif. William J. Tilden is in charge of arrangements.

WASHINGTON SOCIETY

Washington, D. C., Feb. 9.—(Special.)—Brig. Gen. Charles Gates Davies, Vice President-elect, and Mrs. Davies have accepted an invitation to attend the charity inaugural ball at the hotel. The inauguration of the new officers of the Washington Society will be held at the hotel. The inauguration of the new officers of the Washington Society will be held at the hotel. The inauguration of the new officers of the Washington Society will be held at the hotel.

Bathing Suits Spell Chic with Roman Stripes

by Corinne Lowe
NEW YORK.—[Special Correspondence.]—To work out a crossword puzzle bathing suit you must take chic, sports, novelty, and fabric for the development of your pattern. You will find the result makes Neptune's daughter.

Alternating checks of black and white to form borders at the top and bottom of a full tunic produces this newest form of swimming costume. Roman stripes, though less of a novelty, are more widely accepted. Today we show this pattern in silk for a model proving much in demand. Made with a side plait, it is finished with silver buttons, a touch repeated on a silk cape patterned with the same stripe which is designed to complete the costume. Although this is a charming suit for the swimmer, its horizontal stripes are not so becoming to a woman of mature figure.

Manish two piece suits with tight fitting tunics continue to please all who like the combination of trimness and freedom. In the latter quality the pajama bathing suits which are creating so much interest cannot rival those with short tunics. Nevertheless there is no denying their charming effects.

Another type of bathing dress, far more feminine in character, has a flaring tunic of white silk belted just below the natural waist line. The skirt, finished with pointed scallops, is dotted in black and the waist is red. Black silk bloomers and black piping complete the harlequin air.

TEA
to every discriminating tea drinker. Its freshness and purity are a constant delight. Try it.

Miss Frances Lowden To Become Bride of John B. Drake Today

(Wedding on back page.)
The wedding this evening of Miss Frances Lowden, youngest daughter of Mr. and Mrs. Frank O. Lowden, to John B. Drake Jr., oldest son of the John B. Drake, will be the occasion of a large gathering of important as well as fashionable people at the Fourth Presbyterian church, where the service is to be read at 8:30 o'clock by the Rev. Frederick P. Shannon.

Attending Miss Lowden will be her two sisters, Miss Florence and Miss Harriet Lowden, as maids of honor, and as bridesmaids the bridegroom's two sisters, Miss Elizabeth and Miss Katherine Drake. Miss Elizabeth Keays of Elkhardt, Ill.; Miss Frances Davidson and Miss Helen Shumway of New York City; Miss Charlotte Smith of Newton, Mass., and Miss Louise Mitchell and Miss Elsa Bartholomay of Chicago.

William McClellan Drake will be his brother's best man and ushering will be Albert Madlener Jr., Pullman Lowden, brother of the bride, Lewis Linn McArthur Jr., Paul McBride, Ralph Isham, Robert B. Whiting, Robertwell Sheriff, Henry Bartholomay of Chicago, and Henry Templeton Brown of St. Joseph, Mo.

A reception at the Fortnightly will follow the ceremony. Mr. Drake and his bride are to go abroad on their wedding trip. They will visit Algiers for several weeks, after which they will go to Italy, Switzerland, France, and England, returning late in April.

Among the numerous out of town guests will be Mrs. Francis Carolan of California, Mrs. Lowden's sister; Mrs. J. E. Doane of Burlington, Ia.; Mr. and Mrs. Francis Drake of Cleveland, O.; former Lieut. Gov. John G. Oglesby of Elkhardt, Ill.; Mr. and Mrs. F. H. Rike of Dayton, O., with their daughter, Miss Virginia Rike, and son, David Rike; Mrs. H. R. McClellan of St. Petersburg, Fla.; Mrs. Wilson Phillips of New York; and Mrs. Reginald Phillips of Cleveland.

Announcement has been received of the marriage of Miss Mary Browning Bausher, daughter of Mrs. Stephen Garrettson Browning, to Frank J. Loesch on Saturday, Feb. 7, at the Fifth Avenue Presbyterian church, in New York City. Mr. and Mrs. Loesch will be at home after June 1 at Easttown, N. Y., and after Nov. 1 at the Drake hotel.

Cosmo Hamilton to Lecture.

The Woman's Athletic club announces a lecture on "Unwritten History" by Cosmo Hamilton at 11 o'clock on next Tuesday.

WHAT'S WRONG HERE?

Answer at bottom of this page.

MEN'S FASHIONS

BY A. T. GALLICO.

Fashion Orders Light Gloves.
NEW YORK.—[Special Correspondence.]—The report of the style committee of the National Association of Leather Glove and Mitten Manufacturers must cause the various magazines of the dry cleaning industry exulting joy and reason for putting each other on the back. For lighter gloves have been pronounced the smart tendency. And lighter gloves mean more dirty gloves to receive the attention of cleaners.

Lighter shades in gloves certainly are having preference over the darker colors. The dark tan cape gloves that were recently all important in the well dressed man's wardrobe are giving way to the lighter shades, such as cork, in the cape leather. Reddish tan is coming greatly into favor, while brown is dying out. The mocha gloves are most popular in light shades of gray.

Natural buckskin gloves of peartint are among the most popular handwear; as well as buckskin gloves in shades such as camel, buff, and fawn color.

White buckskin gloves are also to be seen on smartly turned out men. These require even more attention

from the point of view of cleanliness, as they won't stand up under much wear before they become too soiled.

If a man doesn't take the pains to see that his light gloves remain light it is better that he not attempt the light mode, but stick to the darker shades that do not so easily show the soil.

PATTERNS BY CLOTILDE

(Registered U. S. Patent Office.)

CHILD'S DRESS WITH SEPARATE BLOOMERS.

This dear little dress may be made in one of two lengths, and is opened in the front at the neck. There is a round collar, and the pattern provides for long or short sleeves.

The pattern, 2335, comes in sizes 2, 4 and 6 years. Size 4 requires 2 1/2 yards of 32 inch material with 1/2 yard of 32 inch contrasting.

Order Blank for Clotilde Patterns.

Art Students to Hold Mardi Gras Tomorrow

The Art Institute students' annual Mardi Gras festivities—this year a "Black Sea Ball," to be held at the Trianon—will take place tomorrow night. The plot of the pageant centers about a pious prince and an equally pious devoted prince. Miss Mary Tilt plays the role of Iolanthe, the princess, and Robert Blom is the youthful knight.

The settings and costumes, story and music, are all the work of the Art Institute student body. Costumes from many countries neighboring the Black Sea will be in evidence.

Advertising Fraternity To Hold Valentine Frolic

That awesome date, Friday the thirteenth, has no terrors for Chicago's advertising fraternity. The annual joint social affair will be staged next Friday night in the shape of a Valentine frolic at the Hotel La Salle. The entertainment will be dancing, bridge, and theatrical numbers, followed by a buffet supper. The event is arranged by the advertising council of the Chicago Association of Commerce, the Women's Advertising Club of Chicago, and Advertising Men's post of the American Legion. Participating organizations include the Agate club, Western council of American Advertising Agencies, Engineering Advertising association, and Newspaper Representatives' association.

TRIBUNE COOK BOOK

BY JANE EDDINGTON.
New Rhubarb.
The French would call anything like our new rhubarb, "primeur," or a first fruit. Our own retailers will say in opening a box, "wonderful stuff!" Its beautiful color and its firmness inspire enthusiasm. It is also packed as finely as the best fruits we get.

This new rhubarb should be so cooked as to be as delicate and bright and beautiful of shade as a deep shaded blush rose. This means it must be cooked quickly, for a hot fire soon takes the color out of any vegetable thing.

A dainty way to cook it to serve in glass with whipped cream is to wash and split but not peel the stalks, then cut them in one-third inch lengths, mix with them a third as much sugar as there is rhubarb, warm them on something of the temperature of a hot brick, then gently cook in the juice that has been drawn out. In this way you get the full color of this fruit. The pieces will not break but look as pretty as fine pink candies.

NEW YORK SOCIETY

New York, Feb. 9.—[Special.]—With Ash Wednesday a little more than two weeks off, the spring brides are already choosing the dates for their nuptials following the close of the penitential season. Easter Monday, always a popular day with spring brides, has been selected by Margaret Hennessy for her marriage to Donald C. Craik.

Mrs. Homer A. Wesel of 14 East 60th street, has gone to Palm Beach, where she will pass a few weeks, returning early in March.

Mrs. George W. Perkins has sent out invitations for Wednesday evening in compliment of Bayard Dodge, president of the American university of Beirut.

Mrs. Shepard Fabbi gave a dinner at her home, 7 East 96th street, with Mrs. Cadwalader Jones, Mr. and Mrs. William Adams Delano, Mr. and Mrs. James Lowell Putnam and Prince Serge Romanovsky in the party.

Bright Sayings of the Children

The Tribune will pay \$1 for each childish saying printed. The story told must never have been printed in any magazine or paper. It is not possible to acknowledge or return unavailable contributions. Please write on one side of the paper. Address Bright Sayings to Auntie Bee, Tribune, Chicago.

Some traveling salesmen were teasing Jack.
He ran quickly into the house and

reappeared leading a fierce looking dog.
He turned to them and said, "Now, say that again, and I'll bite you with this dog."
N. G.

I am a teacher. The first day of the new term was over. I was a stranger, tired, and perhaps I looked sad. One of my little girls—run up and slipped her hand in mine.
"Are you thinking of your little girl?" she said.
"I have no little girl," I replied.
"Are you thinking of your little boy?"
"I have no little boy."
Her sympathy grew.
"Are you thinking of your husband?"
"I have no husband."
Her eyes filled with tears. "O! You are only a boarder."

A FRIEND IN NEED

BY SALLY JOY BROWN.

Husband Is Ill.
"I am coming to you to ask you if some of your kind readers have clothing, size 25-30, for my husband, who is in the hospital and who has just undergone a serious operation? He has no warm clothing to wear when he comes home from the hospital, and there is no money to spend on clothing. We have three small children, girls 3 1/2 and 4 1/2 and boy, 6, also in need of clothing, but my husband's need is great. He wears shoes size 8 1/2. Can some one pass on a few articles of clothing no longer needed? P. Mc."

We hope some of our friends, so kind to others, and so generous in their giving, will supply your husband and your children with warm clothing.

Real Fairy Godmother.
"I have a collection of toys I am sure would make some invalid child extremely happy. They all can be used in bed, or in a wheel chair. There are paper cutouts that would please a little girl shut in, and steel building toys that would keep some boy busy, and I have, as well, many fairy story books: Grimm's "Fairy Tales," "The Arabian Nights," "The Little Lambs' Prince," adventure books, and child magazines to give. May I hear from you concerning the invalid and shut in boys and girls on your list? I should be glad to know a little about each one, and it may be possible to help more than one of them find happy hours."
"K. U."

Write to us, if you have some invalid child in your own home or neighborhood. Tell us a little about the individual case, and it may be that this fairy godmother will choose to wave her wand for your little one.

But on Tuesday?

EVERYBODY loves Sunday—supper, cold meats with rich and piquant mustard to make their flavor bright. But have you ever tried Golden's on Tuesday night? Do you use it to bring out the flavor of hot roast beef?

And do you honestly know what Golden's mustard can do to porthouse steak? If you don't, you don't know what porthouse steak can be.

Every day in the week is mustard-day to the man who relishes the taste of good food. That man wants his Golden's right beside his salt and pepper shakers. That man's wife is clever enough to have it on hand.

Send for our leaflet, "How to Eat a Steak and Why." Charles Golden, Inc. 66-11, Elizabeth Street, New York.

PROFIT SALES WEAKEN WHEAT; CORN ALSO OFF

BY CHARLES MICHAELS.

Liquidation related to the wheat market during the recent sharp decline and took advantage of a sharp decline in the early trading to 194 1/2 for May, 9 1/2 over the inside figure of last week, proved too much for the reduced buying power to absorb. The market gradually weakened, and with slip losses uncovered later, May dropped 4 1/2 from the high and closed 1/4 1/2 for the day with May at 19 1/2 1/2. 1902, July at 18 1/2 1/2, and September 18 1/2 1/2. Corn was 1/4 1/2 for July, 13 1/2 1/2, and September 13 1/2 1/2. Oats were 1/4 1/2 for July, 13 1/2 1/2, and September 13 1/2 1/2. Rye was 1/4 1/2 for July, 13 1/2 1/2, and September 13 1/2 1/2. Barley was 1/4 1/2 for July, 13 1/2 1/2, and September 13 1/2 1/2.

An advance of 4 1/2 in Liverpool wheat in the face of world's shipments of nearly 15,000,000 bu., and an increase of 174,000 bu. in supplies on ocean passage to a total of 64,622,000 bu., or 24,000,000 bu. more than a month ago, was a surprise to the trade and was largely responsible for the early strength. There was a distinct feeling of ease in the market, however, and long wheat came out freely from the start, finally resulting in the decline. There was also pressure from traders who bought on the recent decline and were taking profits.

May Corn Closes Easy.
Corn futures were firmer in the early trading, but the bearish cash news and the ease in wheat had a depressing effect, and the finish was well toward the low point, with May showing the most decline. Cash corn basis was 10 1/2 lower as compared with May, with No. 5 grades 19 1/2 1/2 under May. Receipts were 405 cars. Southwestern markets reported a slow demand, with No. 2 mixed at Kansas City 7c under the May. Eastern demand was again slow.

An increase of 1,893,000 bu. in the visible supply made the total 24,464,000 bu., against 16,725,000 bu. last year. Oats were influenced largely by the action of corn and closed lower. An increase of 34,000 bu. in the visible raised the total to 7,664,000 bu., or 55,800,000 bu. more than last year.

Foreigners Buy Cash Rye.
Germany and Finland were in the market for cash rye with estimated sales of 500,000 bu. at the seaboard, and there were inquiries in the market for larger quantities. May rye showed stubborn resistance to pressure. The market was easier in sympathy with wheat.

Provisions made a poor response to the strength in hogs and cottonseed oil, and closed 5 1/2 1/2 lower. Ribs were 5 1/2 1/2 higher, and bellies 17 1/2 1/2 higher. Deliveries on February contracts were 150,000 lbs. Prices followed:

BYFELD REPORTS

\$3,146,101 DROP

IN BOONE ASSETS

BY O. A. MATHER.

The troubled history of the Daniel

Boone Woolen Mills, Inc., a \$3,000,000

corporation, reached a climax yester-

day when Joseph Byfield, recently

elected president to succeed Oscar

Gumbinsky, informed the stockholders

that the company's woolen and worsted

mills must be sold and about \$500,-

000 raised by new financing.

Mr. Byfield recites that drastic changes

in the business are made necessary by

"an astounding shrinkage in assets of

\$3,146,101 in the twelve months' period"

ended Dec. 31, 1924. Whereas the com-

pany's balance sheet at the end of 1923,

during the Gumbinsky regime, indicated

a surplus of \$467,605, the statement

drawn at the end of 1924, after Mr.

Byfield had taken charge, showed a de-

ficit of \$2,678,485.

"Conditions Worse Than Imagined."

"From all indications the company has

suffered gross mismanagement and ex-

tensive losses," Mr. Byfield states. "In

the last ten months of 1923 stockhold-

ers subscribed for stock and paid in

cash a total of \$2,525,500. My original

hope of saving the company appears well

nigh impossible. Our investigations have

revealed conditions much worse than

were imagined. Seldom has a business

been so woefully mismanaged and a gen-

eral public so brazenly deceived.

"I recommend that the woolen and

worsted mills be sold, as financing their

operation in our present circumstances

is impossible; also that the company

confine its activities to production and

sale of finished clothing. I suggest the

company issue \$500,000 of debentures to

be subscribed for by the stockholders

at the annual meeting on March 7."

It also is proposed to change the par

value of the capital stock from \$25 to

\$5. These are 187,500 shares outstand-

ing, carried at \$1,687,500. If changed

to \$5 par, the amount would be \$937,500.

The difference would eliminate the deficit

and create a surplus of \$1,071,500.

Cudahy Offers Stock.

The Cudahy Packing company yester-

day announced that stockholders of re-

cord tomorrow may subscribe for 40,000

shares of treasury common stock at \$107

a share in the ratio of one new share

for each four shares held. Any shares

not subscribed, together with 20,000

shares owned by members of the Cudahy

family, have been sold to a banking

syndicate for public offering at the same

price.

The company originally had sent out

notice that stockholders of record Feb.

2 might purchase new shares, but the

procedure was contrary to the rules of

the Chicago Stock exchange, and the

date was extended. Despite the reduc-

tion of the Cudahy family holdings, Vice

President E. A. Cudahy Jr. stated that

the company is in a position to meet

the present sale of stock there will be

\$23,249,500 outstanding out of a \$26,-

49,500 authorized issue. The market

price of the shares is around \$107.

The company has no cash on hand. Re-

cently the annual dividend rate was

raised from \$4 to \$7.

Iron Products Distribution.

The Iron Products corporation an-

nounced a special distribution to its

stockholders of one share of Essex

country stock for each five shares of

Iron Products. The value of the dis-

tribution is estimated at \$10 a share

for Iron Products. Stockholders will

meet March 6 to ratify the plan. The

distribution will be made by mail.

The management of the American

Druggists' Syndicate will recommend

payment of a dividend at the directors'

meeting Feb. 25.

NEW YORK STOCK TRANSACTION

Monday, Feb. 9, 1925. Total, \$25,780,000. Previous year, \$34,847,000.

SO

USE TRUST
TO STOP WAR
APPOINTMENTFoes Call Him
Suits Defend

BY ARTHUR SEARS H.

Washington, D. C., Feb. 9.—Formidable opposition to the appointment of Charles B. Warren as attorney general has developed in the senate as a result of his connection with the sugar trust and his attitude on the trust question.

With the judiciary committee of the senate postponing action on the nomination in order to permit further investigation of his fitness, the criticism of Warren was crystallized into charges by Basil M. Manly, the people's legislative servant, the appointee of "real" for alleged illegal acts in "trade" on the part of sugar.

May Break Precedent. The opposition to Mr. Warren's nomination has attained such proportions that the possibility of confirmation before this congress adjourns on March 4 is now exceedingly doubtful, despite the pleas of administration leaders that the President should allow the privilege of his own cabinet members with reference, and the contention that a century has the senate's refusal to approve of a nomination.

Mr. Manly, in his attack on Warren, cited the federal trade commission's complaint yesterday charging the American Sugar company, the T. C. company, and fifteen other manufacturers with conspiring to suppress competition.

Mr. Warren was president of the Michigan and Toledo companies but resigned as head of the company on Jan. 24, last, and appointed attorney general.

Manly Fires Broadside. "It is clear," said Mr. Manly, "that whatever acts in furtherance of an alleged conspiracy may have been committed by the Michigan company or the Toledo Sugar company were sanctioned by Mr. Warren, who was president of the two during the period of the conspiracy."

"It is suggested also that the conspiracy to restrain interstate trade in the sale of beet pulp may be a violation of the consent decree entered into by the American Sugar company and the other defendants in the dissolution suit brought by the United States government against Charles B. Warren and named as one of the defendants in this suit. The evidence clearly shows that he was the agent of the sugar trust in its control of the Michigan industry and suppressing competition from that source."

Former Haverfameyer. "In 1902 Mr. Warren, of the law firm of Warren, Ladd & Detroit, Mich., was by the American Sugar company and the late H. O. B. obtained control of the beet sugar refining company in Michigan, which succeeded and later formed the Sugar company, of which Warren was president until above date. The stock so acquired was sold in order to conceal the true nature of this trust in it."

May Pass on Own. These proceedings through the courts until now have entered in the United States for the district of New York, Manly recently the American Sugar company has been to the National Sugar company of New Jersey.

Mr. Warren appeared as counsel for the Michigan company.

These proceedings through the courts until now have entered in the United States for the district of New York, Manly recently the American Sugar company has been to the National Sugar company of New Jersey.
